488 Height-Adjustable Rotary Stage

The 488 Series Height-Adjustable Rotary Stage provides a large mounting platform, lockable motion, and a novel mechanical design that virtually eliminates all backlash and provides a rock-solid, wobble-free mount at any height.

- Stable at any height
- Independent, lockable vertical and rotary motions
- Generous array of tapped mounting holes in platform

Ordering Information

Compare	Model	Drawings, CAD & Specs	Availability	Price
	488 (/p/488) 488 Height-Adjustable Rotary Stage, 1 inch Travel	 	In Stock	\$439.00
	M-488 (/p/M-488) 488 Height-Adjustable Rotary Stage, 25.4 mm Travel, Metric	 	In Stock	\$439.00

Features

Non-Rotating Vertical Travel

A scalloped adjustment ring provides non-rotating vertical travel over 1 in. (25.4 mm) of travel with 0.01 mm graduations. A recessed locking screw securely fixes the mount at the desired height to prevent inadvertent adjustments.

Versatile Mounting Options

The mounting platform offers a generous array of mounting holes for attaching other components. In addition, prisms and beamsplitter cubes up to 2 in. (50.8 mm) high can be easily and securely held by the removable clamps that thread into the top of the platform.

Knurled Rim for Coarse Adjustment

The lockable, rotating platform has a knurled rim for coarse adjustment with graduations every 2°.
