# DBK11A

## Screw-Terminal Card

### Features

- Provides screw-terminal connection for application inputs
- Provides four user-installable BNC connectors

The DBK11A card provides IOtech's data acquisition systems with convenient screw-terminal connections for easy installment to an application. The DBK11A also ships with four BNC connectors, which users can install on the card to obtain a convenient means of attaching signals from BNC cables.

The DBK11A also includes a prototype area for accommodating electronic components, such as resistors and capacitors, for adding filtering.

### Specifications
