## Certi-Clinch Portable Termination Tool

Certi-Clinch is a portable, manually operated tool that terminates Cinch all-plastic and metal shell Miniature Ribbon connectors with discrete-wire IDC contacts. It is designed for field use assembling cables on-site, yet is efficient enough to fit well into lower-volume factory assembly operations.

Its 10.5 lb. (4.77Kg) weight and versatile configuration make it readily portable for field use, and allow temporary use with virtually no setup time to handle peak demands in factory environments. The Certi-Clinch measures 6" (15.24cm) wide x 13" (33.02cm) long x 6.5" (16.5cm) high.

Ordering Information, Certi-Clinch

### **Part No. Description**

[SCT-330](#) Certi-Clinch Tool with 25-pair nest, for Solid Wire

[SCT-335](#) Certi-Clinch Tool with 32-pair nest, for Solid Wire

[SCT-360](#) Certi-Clinch Tool with 25-pair nest, for Stranded Wire

[SCT-342](#) Kit to convert 25-pair tool to 32-pair operation

[SCT-343](#) Kit to convert 32-pair tool to 25-pair operation

**Part No. Description**
