A7 EmbeddedBlue™ eb301

OEM Bluetooth® Serial Adapter

Features and Benefits

- Based on the eb101 serial Bluetooth module from A7
- Available with onboard antenna module or U.FL connector module
- Seamless connectivity with other Bluetooth devices
- Up to 250kbps of continuous data throughput
- Low current consumption for long battery life
- 0.1" 2x6 header for easy integration
- Easy to use command set for communications and control
- Available with 3.3V/5V interface or RS232 voltage level interface
- EasyConnect™ enabled for simple cable replacement
- Full design documentation available at no cost
- Four screw holes for solid mounting
- Directly connectable to standard USB serial cable for PC testing

Description

The eb301 adapter is a highly integrated Bluetooth solution designed for ease of use and reliability. With options that allow for flexibility, this device is the ultimate solution for both prototyping and new designs. Low volume embedded systems will benefit from the simple integration, antenna options, and low pricing. For higher volume applications, this adapter makes migration to the low cost eb101 module simple with availability of complete design documentation.

Applications

- Medical Equipment
- POS Systems
- Prototyping
- Lighting Control

Artisan Technology Group is an independent supplier of quality pre-owned equipment

Gold-standard solutions

Extend the life of your critical industrial, commercial, and military systems with our superior service and support.

We buy equipment

Planning to upgrade your current equipment? Have surplus equipment taking up shelf space? We'll give it a new home.
