Relative Humidity	5 - 95%
Shock Resistance	25g / 11 ms (IEC 60068-2-27)
Ingress Protection	IP65
CE/UL complaint	

The Adept T2 Pendant provides a user interface and teach pendant in an ergonomic and rugged package. It was designed for right-handed and left-handed use. All gripping and holding positions enable comfortable and fatigue-free operation.

Safety First

Emergency Stop switch (dual channel circuit).
Two 3-position enable switches (dual channel circuits)

Ergonomic Design

- Enable switches on left and right side
- Multiple holding positions
- Lightweight
- Bright display with backlight and contrast adjustment

Rugged Design Holds up on the Factory Floor

The T2 Pendant is designed with a double-walled housing and with special suspension to reduce the impact of the display. Additionally, the round shape helps cushion the impact when dropped.
The T2 Pendant is tested for a 1.5 meter drop onto industrial flooring.

System Compatibility

The T2 Pendant is compatible with new systems incorporating the Adept SmartController CS and CX. The T2 is also compatible with previously installed SmartControllers with the following part numbers:

- SmartController CS 10000-310
- SmartController CX 20000-310

The part number label can be viewed on the bottom of the controller.

The T2 Pendant is also compatible with the Adept Cobra i600 and i800 robots. When used with these systems, the T2 Pendant has reduced functionality. Call for details.

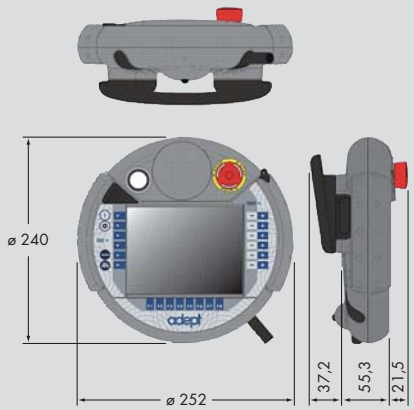

The T2 Pendant Kit Includes

- T2 Pendant with cable attached
- Connection cable with bulkhead connector
- Bypass plug for jumpering E-Stop when pendant is removed
- User Documentation
