PSU/RGU

CLEI: SIPUBBBB_ _

TURN UP STEPS

1. **Unpack the Total Access 750 PSU card and inspect for damage. If damage is apparent, refer to your carrier or supplier for remedy.**

2. **Insert PSU card into Total Access 750 chassis slot marked PSU. To insert, hold the PSU card by the faceplate while supporting the bottom edge of the card. Align the card edges with the guide grooves in the Total Access 750 chassis. Insert into chassis until the edge card connector seats firmly into the chassis backplane. Lock the unit in place by pushing in on the locking lever.**

COMPLIANCE CODES

This product is intended to be installed in products providing a Type "B" or "E" enclosure, and in a Restricted Access Location.

Code	Input	Output
Power Code (PC)	F	C
Telecommunication Code (TC)	–	–
Installation Code (IC)	A	–

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by ADTRAN could void the user's authority to operate this equipment.
