

ARTISAN®
TECHNOLOGY GROUP

Your **definitive** source for quality pre-owned equipment.

Artisan Technology Group
(217) 352-9330 | sales@artisantg.com | artisantg.com

Full-service, independent repair center
with experienced engineers and technicians on staff.

We buy your excess, underutilized, and idle equipment
along with credit for buybacks and trade-ins.

Custom engineering
so your equipment works exactly as you specify.

- Critical and expedited services
- In stock / Ready-to-ship
- Leasing / Rentals / Demos
- ITAR-certified secure asset solutions

Expert team | Trust guarantee | 100% satisfaction

VERSA-POWER Series™ - Industrial Rack Mount

The **VERSA-POWER Series™** comes with up to 4 output voltages in a single, dual, triple and quad output in a rack mount system. Special Features: over voltage, over current, over temperature and short circuit protection.

INDUSTRIAL RACK MOUNT AC TO DC AND DC TO DC POWER SUPPLIES THAT CAN PROVIDE UP TO 10,000 WATTS

Industrial Rack Mount Power Supply

These units are available to all industrial application has its own set of challenges with demanding environments. Built for a Very Low EMI signature and very High Reliability this power system will keep your product up and running for many years to come. It comes with a wide range of AC input voltage (90-264) to many different output Voltages and Power/Current levels.

1U power system that provides up to 4000 Watts and up to 4 output voltages in a ruggedized system. **Read more**

2U power system that provides up to 8000 Watts and up to 4 output voltages in a ruggedized system. **Read more**

3U power system that provides up to 10,000 Watts and up to 4 output voltages in a ruggedized system. **Read more**

Output Voltages Configurations

Single Output	**Dual Output**
Triple Output	**Quad Output**

Output Voltages Configurations

Single Output	**Dual Output**
Triple Output	**Quad Output**

Output Voltages Configurations

Single Output	**Dual Output**
Triple Output	**Quad Output**

Units are designed to meet these standards but, each unit must be tested at system level.
Shielded cables and line filters required.

IEEE Standards

Protection | Energy & Standby | System Reliability | Operations & Safety | Maintenance

UL Standards

Health & Safety | Cybersecurity | Rain Nozzles | Temperature Control | Environment

TUV & CE Standards

Safety & Quality | OSHA and SCC regulation | Electrical & Fire Safety

Industrial Rack Mount Power Supply

AJ's Power Source Inc. designs and manufactures Industrial Rack Mount Power Supply. Each industrial application has its own set of challenges with demanding environments. Industrial Grade Rack Mount Power Supply, Industrial Ruggedized Rack Mount Power Supply, Industrial AC DC Rack Mount Power Supply and Industrial DC DC Rack Mount Power Supply.

AJPS has taken on many challenges from dusty and dirty locations to the extent of submersible power applications. Although the mainstay of power applications that we design are customer specification driven, the development of our configurable Rack Mount power supplies in this section will allow for quick turn quote response and short lead times.

Industrial Grade Rack Mount Power Supply, Industrial Ruggedized Rack Mount Power Supply, Industrial AC DC Rack Mount Power Supply and Industrial DC DC Rack Mount Power Supply.

The **VERSA-PWR Series™** comes with a wide range of AC input voltage (90-264) to many different output Voltages and Power/Current levels. With up to 4000 Watts in a 1U form factor, up to 6000 Watts in a 2U up to 10,000 watts in a 3U form factor, this power supply can fit all of your power requirements with a very short lead time compared to industry standard.

This power supply series offers Industrial Rack Mount Power Supply that can provide up to 10,000 Watts and 4 different output voltages.

The **VERSA-PWR Series™** comes with up to 4 output voltages in a single, dual, triple and quad output in a rack mount system. This system has many unique Special Features such as over voltage, over current, over temperature and short circuit protection. The design of the chassis includes rack mounting flanges for standard 19" rack mounting.

Configure your Industrial Rack Mount Power Supply in either a 3.3VDC – 5VDC – 12VDC – 24VDC – 28VDC – 48VDC version today!

To learn more about our Industrial Rack Mount **VERSA-PWR Series™** power supplies and our **Industrial power solutions**, please do not hesitate to call our office today at (813) 996-2583 or **Contact Us** by email.

Artisan Technology Group is an independent supplier of quality pre-owned equipment

Gold-standard solutions

Extend the life of your critical industrial, commercial, and military systems with our superior service and support.

We buy equipment

Planning to upgrade your current equipment? Have surplus equipment taking up shelf space? We'll give it a new home.

Learn more!
