Foot pedal activated gas-flush vacuum packaging at its finest. The AVN's 1/4" wide-sealing element delivers a leak proof seal using any kind and thickness of flexible bags including clear, foil (Mylar), mil spec and ESD bags.

The AVN series is perfect for food, pharmaceutical, medical, electronics, clean room, and any general applications where moisture and oxygen are a threat to your product. With one touch of the pedal, the AVN flushes out oxygen and moisture with nitrogen or any other inert gas to protect and extend the life of your product. This quality vacuum sealer is also great for reducing the bulk of items or keeping them from wear due to friction during transportation. Clean room compatible, the AVN is also ideal for dry packaging applications on trays, tape and reel, tubes, and a variety of SMD shipping containers.

Combine the AVN'S precise automation with speed, extensive safety features, and incredible durability. Providing additional functionality and convenience, the AVN's gas flush or vacuum functions can be switched off for impulse sealing only.
The AVN is hand assembled at our facility using only superior grade components. It features five seal lengths (20," 25," 30," 35," 50") and can be custom configured to meet CE certification requirements.

To order, please click the down arrow button to see the different sizes available of the AVN Series.

- $15 Handling fee per machine except the AVN-50 at $60 per machine. All Vacuum Sealers are non-exchangeable & non-returnable. All Vacuum Sealers come with a 1-week Trial and a 2-year Limited Warranty*.
- Available Upgrades: BAS- Upper & Lower Heating Elements, Stainless Steel, CE Certification, 220 Volt Conversion, Dual Nozzle w/ dual vac pumps, Additional Vacuum or Gas Cycle, Low-Pressure Bar Close, Digital Temperature Control, Ported Exhaust. Some upgrades may delay shipment date.
- Available Accessories: AF-Air Filter, VF-Vacuum Filter, VR- Vacuum Regulator, Multi-

Position Stand (Up to AVN-35") Work Tray (Up to AVN-35").

- *1-week trial period for evaluation. This trial period does not apply to custom made

tornadoes. Any defective machine under warranty that is returned freight prepaid will, at our option, be repaired or replaced by AmeriVacS, at no charge.

- All AVN Vacuum Sealers require an External Air Compressor.

Model	Air Requirements	Suggested Minimum Air Compressor Size
AVN 20”-25”	6 CFM @ 110 PSI	15+ Gallon
AVN 30”-35”	6 CFM @ 110 PSI	30+ Gallon
AVN-50”	12 CFM @ 110 PSI	30+ Gallon
Dual Nozzle Upgrade	12 CFM @ 110 PSI	30+ Gallon
