MODEL 7010

ASCOR Model 7010
Eight SPDT 10 Amp GP Relays

The ASCOR PXI Model 7010 card assembly contains eight SPDT 10 Amp general purpose switches. Each SPDT relay contact is independent and not connected to any tree or matrix. The unit is completely compatible with the National Instrument PXI series chassis. The Model 7010 also meets the requirements found in the PXI specifications. Such compatibility allows the unit to be used in complex PXI systems.
