### Ordering instructions for footswitches

The following part numbers or type references of our catalogue versions are sufficient to place an order for a Bernstein footswitch. To ensure correct supply of footswitches with non-standard contact combinations or accessories, which are not shown in the catalogue we require the exact type reference.

1. **Type**  
of footswitch requested – F1, F2, F3 or FG
2. **Number and type of contact inserts**  
for multiple-pedal switches, list in order from left to right.  
Example: F3-U1Z/SU1Z/U2Z

3. **Information about additional functions, design or pedal accessories**  
This must be indicated in the type reference directly after the appropriate contact element.  
Example: With latch & pressure point – F3-U1Z/SU1Y/U2ZD
