Great Results

Are Not Created in a Vacuum

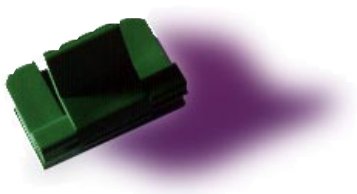

Bulletin 1965 US 7/29/98 7:19 AM Page 1

The GelAir Drying System

You no longer need a vacuum drying system to get great gel drying results. The GelAir Drying System is perfect for drying polyacrylamide and agarose gels, even hard to dry gels. GelAir works like a convection oven to quickly dry gels to a perfectly clear, publication quality finish. These gels are ideal for densitometry, photo documentation, and autoradiography.

The only maintenance GelAir requires is an occasional cleaning with a damp cloth. Combining affordability, large capacity, and no-nonsense functionality, GelAir is the clear choice for busy labs requiring great results.

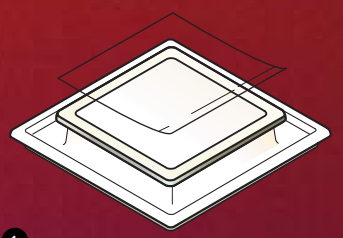

Artisan Technology Group - Quality Instrumentation ... Guaranteed | (888) 88-SOURCE | www.artisantg.com

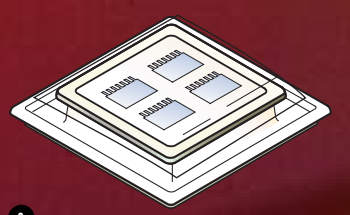

Clear Reasons For Choosing a GelAir System

- Dry mini gels in less than 60 minutes
- No vacuum pump means no messy maintenance
- Dry up to 16 mini gels at one time
- No waiting for a complete drying cycle. GelAir accepts gels at any time
- Protocols for drying acrylamide and agarose gels
- Optimized drying temperature and air flow produce exceptional results

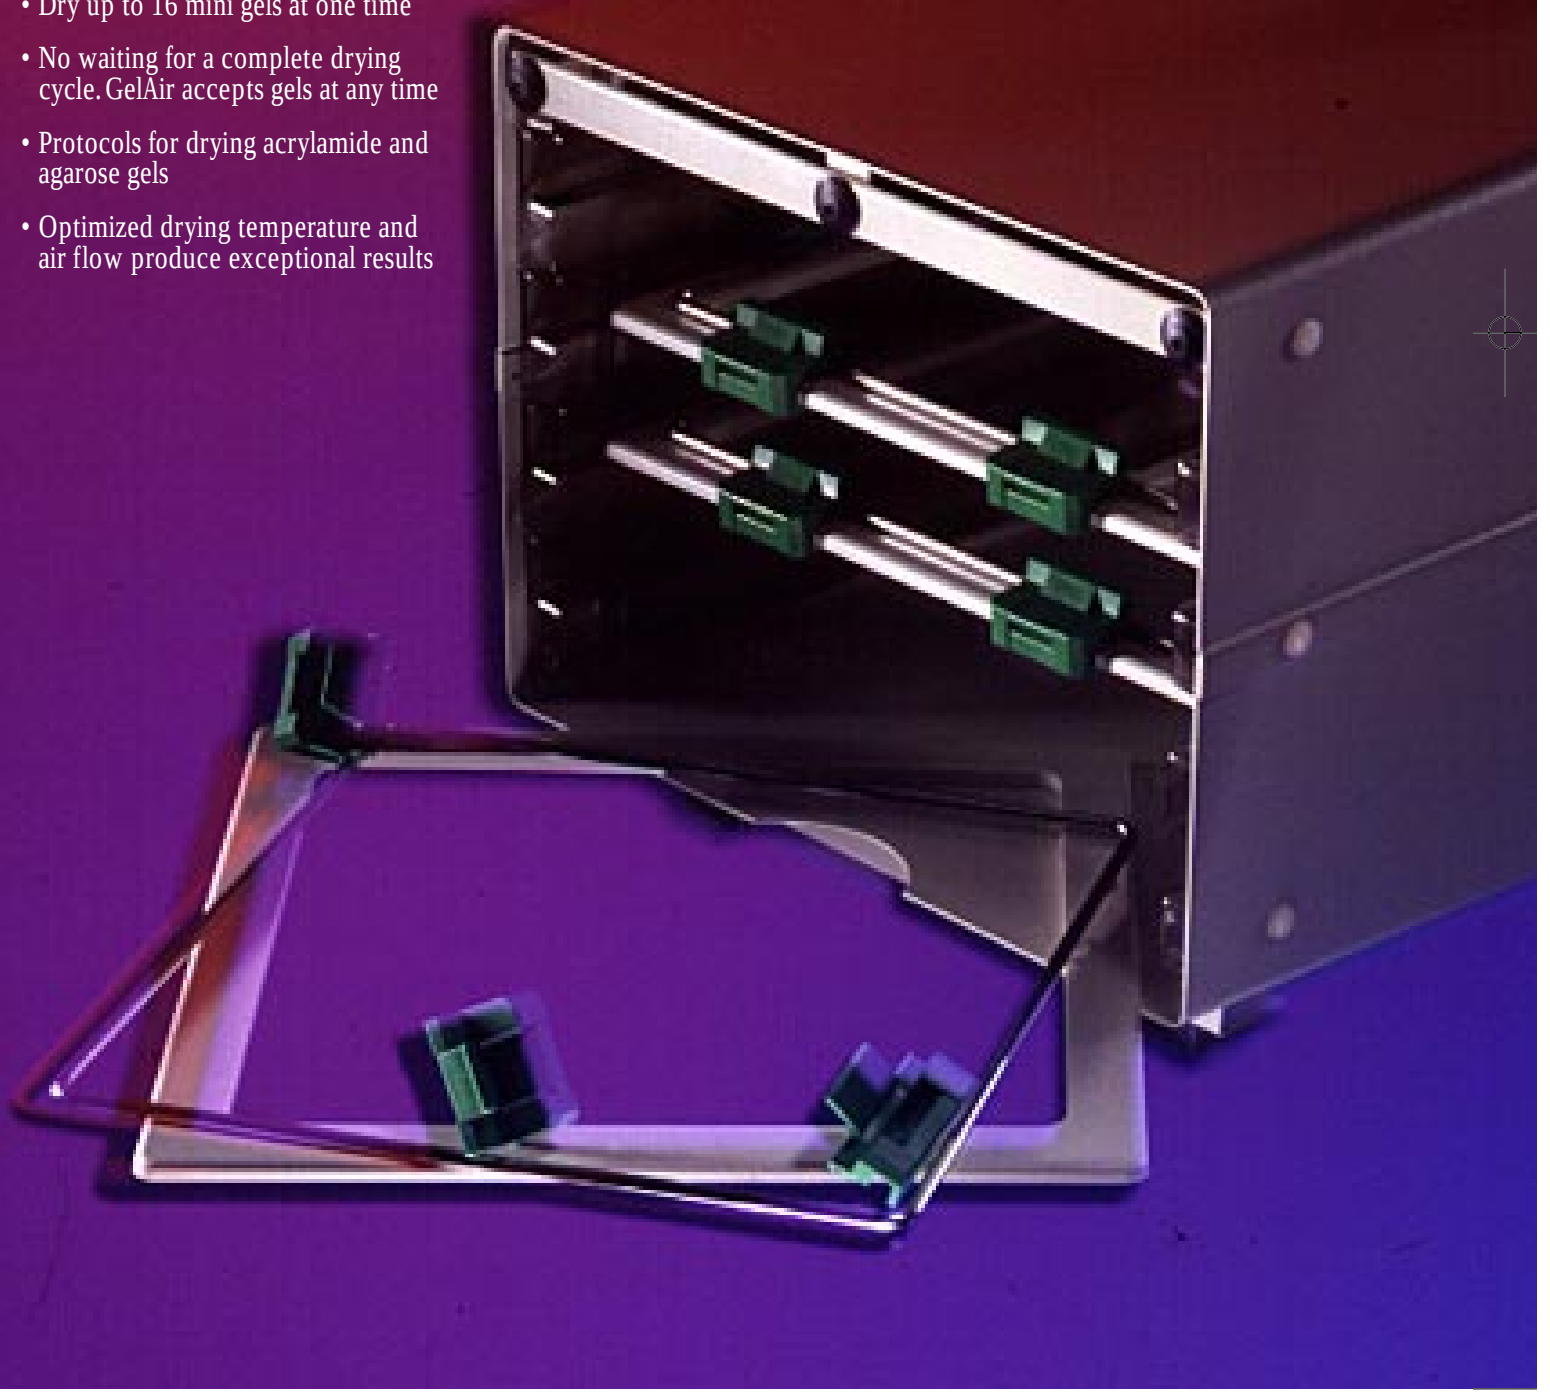

Drying Gels with GelAir is This Easy

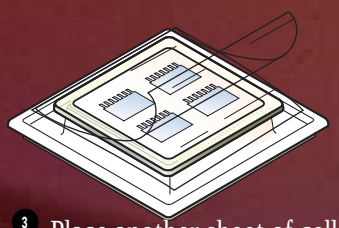

1 Place a sheet of cellophane on the assembly table

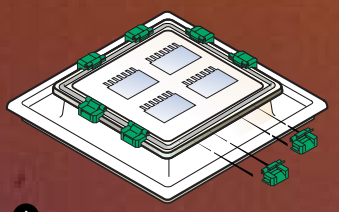

2 Lay a gel on top of the cellophane

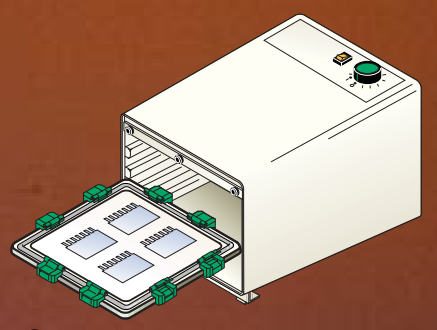

3 Place another sheet of cellophane over the gel

4 Clamp the drying frames together

5 Slide the drying frame into the dryer

Specifications

GelAir Dryer

Timer control	0 to 3 hour, fully adjustable
Function modes	Fan only, fan plus heat, and off
Dryer capacity	4 shelves, each accommodating 1 drying frame
Dimensions	27 x 43 x 30 cm (H x D x W)
Weight	8 kg

Drying Frame

Dimensions	20 x 20 cm
Drying frame	Molded polycarbonate bottom frame, stainless steel top frame
Clamps	Molded polysulfone
Gel capacity	1 large (20 x 16 cm) gel or 4 small (7 x 8 cm) gels

Ordering Information

Catalog Number	Product Description
165-1771	**GelAir Drying System,** 115 V, 60 Hz, includes dryer, 2 drying frames , 16 clamps , assembly table, and cellophane support (50 precut sheets)
165-1772	**GelAir Drying System,** 230 V, 50 Hz, includes dryer, 2 drying frames, 16 clamps, assembly table, and cellophane support (50 precut sheets)
165-1775	**GelAir Drying Frames,** includes 2 complete drying frames and 16 clamps
165-1776	**GelAir Assembly Table**
165-1777	**GelAir Dryer,** 115 V, 60 Hz
165-1778	**GelAir Dryer,** 230 V, 50 Hz
165-1779	**GelAir Cellophane Support,** 50 precut sheets
165-1780	**GelAir Drying Frame Clamps,** 8 clamps
