BRANSON

Precision Cleaning

Model B-3 Pint Size Ultrasonic Cleaner

BRANSONIC CLEANER MODEL B3

This low cost, ultrasonic cleaner is especially useful for on-the-job cleaning of small industrial, medical, hobby, laboratory, and jewelry items. It provides the speed and effectiveness of ultrasonic cleaning power with the convenience of plug-in-anywhere operation. Model B3 can be used with common aqueous cleaning solutions to remove dirt, oxides, residues, oils and greases from both exposed and hidden surfaces.

COMPLETED INTEGRATED UNIT

Model B3 has a one pint capacity cleaning tank and ultrasonic generator enclosed in an attractive impact-resistant and flame-resistant plastic housing. The stainless steel tank has no corner welds or other dirt-catching surfaces. All circuitry is solid state for long, trouble-free service (no fans or other moving parts). A plastic cover protects the cleaning solution when not is use. (Basket and cover included.)

TYPICAL CLEANING APPLICATIONS

- Jewelry and watches.
- Instrument and clock parts.
- Gemstones and small geological samples.
- Small electrical/electronic components.
- Optical components.
- Surgical and dental instruments.
- Recorder and drafting pens.
