EMERSON Industrial Automation

PRIMET® Modular Dispensing System Satellite

Affordable, abrasive Dispensing System with peristaltic pump, no mist technology. The PRIMET® Satellite controls the amount of fluids dispensed, reduces waste and increases specimen consistency.

- Manual and semi-automatic operation
- Compatible with water, oil, and alcohol based suspensions; also diamond suspensions and most final polishing suspensions
- Automatic Of/Off step operation when connected to Buehler Grinder/Polishers

- Ability to dispense two fluids during the same step

MAIL VIEW

PRIMET® 3000 Modular Dispensing System

- LCD Display with user friendly touch panel controls
- Compatible with water, oil, and alcohol based suspensions; also diamond suspensions and most final polishing suspensions
- Automatic Of/Off step operation when connected to Buehler Grinder/Polishers
- Maintenance system allows the operator a convenient way to flush the suspension hoses with water, preventing any clogging of supply hoses
- The two bottle system can be expanded to a 10 bottle system with the addition of up to 8 PRIMET® Satellites
- Each bottle can be primed, stirred, or cleaned independently or all at one time
- User may choose from 25 Buehler preprogrammed methods or program 25 of their own
