- High performance stripline design

Board Specifications

- 6-layer stripline design
- 2 oz. copper power and ground
- PCB UL recognized 94V-0
- PCB FR-4 or equivalent
- PCB .062" thick

Mechanical Specifications

- Available in multiple sizes: 3U x 60mm, 6U x 60mm, 6U x 120mm, 6U x 180mm
- 96-pin, class II connectors

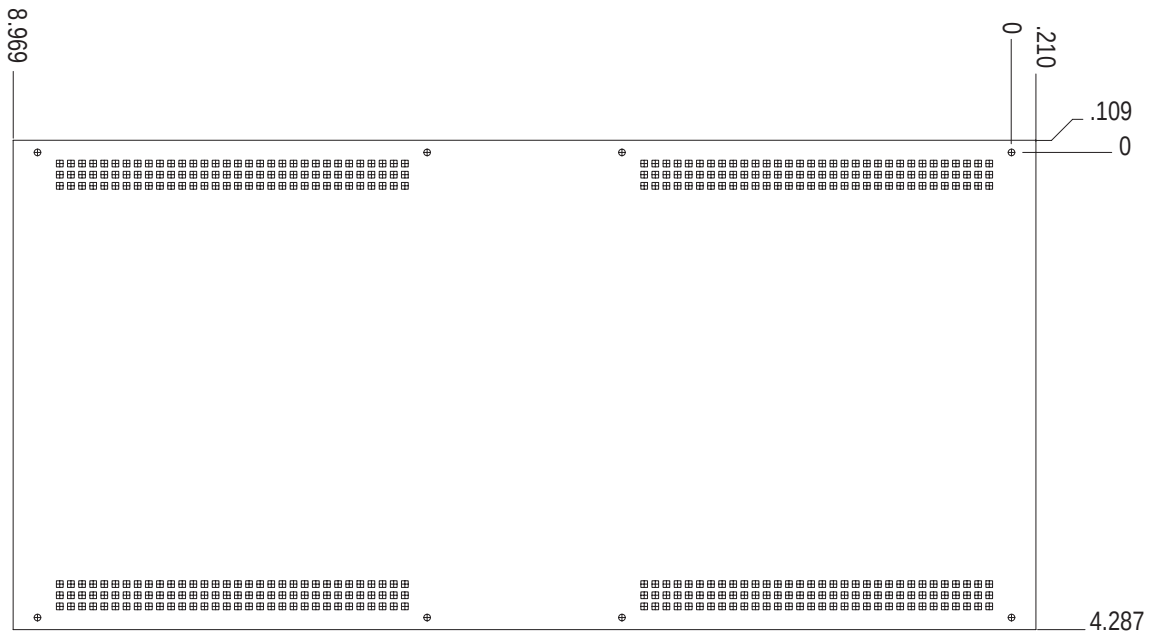

Description

The Elma Bustronic form factor extender allows you to adapt boards of different depths for use in the same VMEbus system. For example, a 160mm VME board fitted with a 180mm form factor extender will plug into a system designed for 340mm deep boards. The extension boards maintain the correct depth dimensions and allow the front panel to be aligned. The boards are available in two versions, one for J1 (3U) and the other for J1 + J2 (6U).
