Predator Pro 4

The Predator Pro 4 is an updated version of the successful Colorgraphic Predator series. It is Colorgraphic's 5th generation multi-screen video adapter for either the AGP or PCI bus. Using four S3 Savage4 Pro accelerators the Predator Pro 4 is an excellent performing Multi Screen Graphics card. The Predator Pro 4 PCI/AGP delivers excellent performance with 32MB of 143MHz SGRAM as standard on each section of the adapter, giving a total of 128 MB of video memory. A 300Mhz DAC allows high resolutions and refresh rates. The Predator Pro 4 is fully PC99 and Y2K compliant. In addition both the PCI and AGP Predator Pro 4 are available with a DVD/MPEG option. The PCI version is available with digital flat panel monitor support(DFP). Using Colorgraphic's free drivers for Windows 95/98 and Windows NT, an image can be spread across multiple monitors to create one large virtual display.

Predator Pro 4 manual in PDF format (419K)

POWERFUL FEATURES

- PC99 Compliant
- Y2K Compliant
- Four independently programmable S3 Savage4 Pro+ accelerators
- Hardware based graphic operations
- 300 MHz video DAC for extended resolutions up to 1600x1200, non-interlaced @ 85Hz
- Power Management
- DDC Monitor Communications
- Available with DVD/MPEG option (Windows98 only)
- DFP either VESA Plug-n-Display MDR20 or DVI1 Connectors

VIDEO MEMORY

- 143 MHz SGRAM @ 1144 Mbytes/sec. peak memory bandwidth
- 64 bit Synchronus Memory Bus
- 32 MEG frame buffer on each port standard

BUS ARCHITECTURE

- 32 bit PCI 2.1 or 32 bit AGP 1x, 2x or 4X
- Multiple boards can be installed in a single system
- Adapters use a single PCI or AGP slot

2D ACCELERATOR FEATURES

- Highly optimized 128 bit Graphics Engine
- BitBlt, Rectangle Fill, Line Draw
- Polygon Fill, Font Acceleration
- Hardware cursor
- 8, 16, and 32 bpp mode acceleration

3D ACCELERATOR FUNCTIONS

- Single Cycle 3D architecture
- 128 bit rendering pipeline
- S3 Texture Compression
- 32 bit true colour rendering
- Specular Lightning and Diffuse Shading
- Alpha Blending Modes
- Full scene anti-aliasing
- Vertex and Table Fog
- 16 or 24 bit Z-buffering
- Sprite Anti-Aliasing, Reflection and Environment Mapping, Texture Morphing
- Shadows, Procedural Textures and Atmospheric Effects

FREE SOFTWARE SUPPORT

- Windows 95/98

- Windows NT 4.0

PRODUCT CODE

- Predator Pro 2 PCI 612312, Available January 2000
- Predator Pro 2 AGP 612322, Available Shortly
- Predator Pro 4 PCI 612314, Available January 2000
- Predator Pro 2 AGP 612324, Available January 2000
- DVD/MPEG option
- (DVD/MPEG option available on all Predator Pro Graphic adapters with the exception of the Predator Pro 2 AGP)

Artisan Technology Group is an independent supplier of quality pre-owned equipment

Gold-standard solutions

Extend the life of your critical industrial, commercial, and military systems with our superior service and support.

We buy equipment

Planning to upgrade your current equipment? Have surplus equipment taking up shelf space? We'll give it a new home.
