Product Description

Educational institutions, small businesses, and home-users that need an affordable, high-quality removable drive enclosures to store, transport, and protect their sensitive data rely on the DataPort® 3 SATA. These carriers and frames receive any capacity 3.5" SATA 3 Gbps hard drive.

The DataPort 3 SATA fits most computer bays (PC and MAC), and its simple design makes swapping drives easy for additional storage.

This durable, removable enclosure utilizes a highly reliable cooling fan. The DataPort 3 SATA has an unbreakable drive carrier handle and stabilizer bars to ensure your drives are protected.

The DataPort 3 SATA connectors are tested and verified for over 25,000 insertions.

Secure your data with the powered key lock to prevent unauthorized access to your drive or accidental removal during operation.

Additional features:

- Power and drive activity LEDs
- 2-year warranty
- Hinged "flip-down" dust cover
- Free lifetime phone tech support

DataPort 3 SATA removable drive carriers and frames will provide you with reliable performance while protecting your data.
