ARTISAN®
TECHNOLOGY GROUP

Your **definitive** source for quality pre-owned equipment.

Artisan Technology Group
(217) 352-9330 | sales@artisantg.com | artisantg.com

Full-service, independent repair center
with experienced engineers and technicians on staff.

We buy your excess, underutilized, and idle equipment
along with credit for buybacks and trade-ins.

Custom engineering
so your equipment works exactly as you specify.

- Critical and expedited services
- In stock / Ready-to-ship
- Leasing / Rentals / Demos
- ITAR-certified secure asset solutions

Expert team | Trust guarantee | 100% satisfaction

CYCLONE Microsystems

PCI EXPRESS BOARDS
AND SYSTEMS FOR EMBEDDED PROGRAMS

CELEBRATING 31 YEARS

PMC 60 Dual 10/100Base Tx Ethernet PMC

- Dual 10/100BaseT Ports
- Compatible only with Cyclone Host Boards
- For Standard PMC 100/1000BaseT PMC Module see PMCX-65

Question?

Call: 203.786.5536

E-mail: information@cyclone.com

Features

- Dual 10/100BaseTx Ports
  - Intel 82559 MACS
  - Both Ports support by DMA channels and Auto sense 10 or 100 Mbit Network Rate
  - RJ-45 Connectors on the Front Panel
  - Status LEDS
- 32-bit, 33 MHz Enhanced PMC Interface
  - **Compatible only with Cyclone I/O processors boards with enhanced PMC electrical signals to support multiple PMC/ PCI agents**

The PMC Module provides I/O expansion and flexibility by allowing customers to add a wide range of I/O interfaces to Cyclone's CompactPCI products. Cyclone's PCI and CompactPCI cards support one or two modules on a board. Designers can mix and match standard and custom modules to meet unique I/O requirements.

The PMC Module is an IEEE standard (IEEE 1386). The standard uses the PCI bus as an electrical standard, providing 32-and 64-bit transfers at 33 MHz clock speeds. For the PMC-60, Cyclone has augmented the standard to support more than one PCI agent on a PMC Module without the need for a PCI-PCI bridge. Thus, this particular Module requires a superset of PMC signals from the host board compared to a standard PMC and is thus only compatible with host providing the additional PCI select lines to the PMC connectors. This is the only Cyclone PMC module with this unique requirement.

Artisan Technology Group - Quality Instrumentation ... Guaranteed | (888) 88-SOURCE | www.artisantg.com

Artisan Technology Group is an independent supplier of quality pre-owned equipment

Gold-standard solutions

Extend the life of your critical industrial, commercial, and military systems with our superior service and support.

We buy equipment

Planning to upgrade your current equipment? Have surplus equipment taking up shelf space? We'll give it a new home.
