Connect and Control Your Entire Desktop with Versatile KVM Switches

You can connect and control your entire desktop with some of the industry's smallest, powerful and most versatile desktop KVM solutions. The Avocent® SwitchView™ 100 series KVM switching solutions include six compact and affordably priced desktop KVM switches that support small office/home office and desktop multimedia applications.

The Avocent SwitchView PS/2 switching series lets you access and control up to four PS/2- enabled multimedia computers using only one PS/2 keyboard and mouse and VGA monitor. With the Avocent SwitchView USB switching series, you access and control up to four USB-enabled multimedia computers using only one USB keyboard and mouse and VGA monitor. The Avocent SwitchView DVI switching series gives you access and control of up to four USB multimedia computers using one keyboard, mouse and DVI-I monitor. The Avocent SwitchView 100 series switches provide audio and microphone support. Cables are included with each switch.

Avocent SwitchView 100 miniature, multimedia KVM switches provide simple connectivity and control for the small office/home office and desktop multimedia applications.
