

ARTISAN®
TECHNOLOGY GROUP

Your **definitive** source for quality pre-owned equipment.

Artisan Technology Group
(217) 352-9330 | sales@artisantg.com | artisantg.com

Full-service, independent repair center
with experienced engineers and technicians on staff.

We buy your excess, underutilized, and idle equipment
along with credit for buybacks and trade-ins.

Custom engineering
so your equipment works exactly as you specify.

- Critical and expedited services
- In stock / Ready-to-ship
- Leasing / Rentals / Demos
- ITAR-certified secure asset solutions

Expert team | Trust guarantee | 100% satisfaction

Compact Hour Meter, **Series T90**

A precision miniature electro-mechanical hour meter

T90 Series

The new T90 Series (Patent Pending) hour meter provides just the right solution for design engineers and maintenance technicians who need a low-cost, small, highly reliable, accurate meter with minimal power consumption.

The T90 Series meter's compact size provides design flexibility not previously available in an hour meter. Available in two mounting configurations and several voltage ranges for both DC or AC applications, the T90 Series features rugged construction and silent operation.

The T90 Series is ideal for use in such functions as scheduling component or part replacement, recalibration tracking, preventive maintenance programs, maintaining warranty records, production planning, and testing.

Features

- Compact Design
- Minimal Power Consumption (2 mW @ 24V DC)
- Competitively Priced
- Quartz Accuracy
- Electronic Drive Circuit
- Silent Operation
- Shock and Vibration-Resistant
- Non-Volatile Display
- Tamper-Proof Case
- Attractive Front Bezel
- Dependable

Specifications

Display Reading:	9999.9 Hours meter and 1/10
Digit Height:	5-digits (.094")
Operating Voltage:	4-100V DC 100-130V AC 50-400 Hz 200-260V AC 50-400 Hz
Power Consumption:	2mW @ 24V DC 40mW @ 48V DC 10mW @ 120V AC
Temperature:	-30˚C to +85˚C
Termination:	3/16" Spade connections
Mounting Configuration:	Snap-in or panel mount with 2-hole flange for #4 hardware
Accuracy:	± 0.02%
Seal:	NEMA 12
