

ARTISAN®
TECHNOLOGY GROUP

Your **definitive** source for quality pre-owned equipment.

Artisan Technology Group
(217) 352-9330 | sales@artisantg.com | artisantg.com

Full-service, independent repair center
with experienced engineers and technicians on staff.

We buy your excess, underutilized, and idle equipment
along with credit for buybacks and trade-ins.

Custom engineering
so your equipment works exactly as you specify.

- Critical and expedited services
- In stock / Ready-to-ship
- Leasing / Rentals / Demos
- ITAR-certified secure asset solutions

Expert team | Trust guarantee | 100% satisfaction

Our AccurET position controllers offer a compact and versatile solution, covering a wide range of voltage and current levels, simplifying the integration of different direct drive axes types into machines.

These controllers feature a modular mounting design, allowing each unit to drive two axes and share a single power supply, minimizing space requirements and simplifying cabling. With optional embedded boards like the UltimET motion controller or I/O board, AccurET controllers offer enhanced

The highly reliable current loop minimizes parasitic movements, maximises bandwidth and enables advanced feed-forward to compensate for various factors affecting performance. Moreover, AccurET's advanced regulator ensures getting the best out of the mechanical design, reducing

Outstanding signal to noise ratio

Computational power

High computating power for fast operation

functionality without the need for additional racks.

errors and settling time during axis movement.

Power density

Very high power density

Characteristics

- Very compact dual axes controllers
- Real-time 20 kHz servo loops
- Advanced control features for high-end motion systems
- Wide voltage and current range

AccurET: Modular solutions for high-performance position controllers

Here are the key features:

Compact Design

High bandwidth

Increased Throughput

Improved Accuracy

Integrated Protection

Versatile Communication

Expanded I/O Interfaces

Artisan Technology Group is an independent supplier of quality pre-owned equipment

Gold-standard solutions

Extend the life of your critical industrial, commercial, and military systems with our superior service and support.

We buy equipment

Planning to upgrade your current equipment? Have surplus equipment taking up shelf space? We'll give it a new home.
