BENCH AIR PRESSES...

Quality, Performance and Versatility

Fancort's quiet, smooth action bench air presses are designed with a high degree of functionality and versatility for light assembly work up to 3.5 tons. The deep throat, large bed area and stable base make these presses the most user friendly on the market. They have clean and simple packaging with a shroud to enclose the cylinder, tubing and controls. The presses come standard with all controls in place including a counter, and even have provisions for die mounting.

- ◆ 12" x 13" bed area with 6" throat and centrally located ram with 1.5" x 1" die shank collar
- ◆ Rigid 'C' frame with 1" thick side walls to prevent flexing and allow robotic loading
- ◆ Tough nitro blue enamel finish and hard coat aluminum die plate with three sets of tapped holes for die mounting
- ◆ 4" stroke, 7.25" shut height
- ◆ Double acting 5" cylinder (1 ton), cushioned cap; other models to 3.5 tons
- ◆ Speed control, filter / regulator, dual palm controls, counter and front mounted air gauge are standard.
- ◆ Measures: 21"x13.5x 28" Weight: 100 LBS

## Description

## Part Number

Complete press w/all controls and 5" cylinder 1 Ton.....	5000L
Complete press w/all controls and 6" cylinder 1.4 Ton.....	5000L-6
Complete press w/all controls and tandem 6" cylinder 2 tons.....	5000L-8
Complete press w/all controls, tandem 6" cylinder & accumulator 3.5 tons.....	5000L-10
