

ARTISAN®
TECHNOLOGY GROUP

Your **definitive** source for quality pre-owned equipment.

Artisan Technology Group
(217) 352-9330 | sales@artisantg.com | artisantg.com

Full-service, independent repair center
with experienced engineers and technicians on staff.

We buy your excess, underutilized, and idle equipment
along with credit for buybacks and trade-ins.

Custom engineering
so your equipment works exactly as you specify.

- Critical and expedited services
- In stock / Ready-to-ship
- Leasing / Rentals / Demos
- ITAR-certified secure asset solutions

Expert team | Trust guarantee | 100% satisfaction

FisherBiotech Power Supplies

Key Features

- Choice of operating modes—constant voltage or constant current output modes with automatic crossover between modes; programmable models add a constant power mode
- Automatic shutoff (at run's end) saves time, energy, and reduces errors
- Automatic recovery (after power failure) eliminates the need to restart the unit

Additional Features

- Backlit LED display, mode indicator lights, internal timer, and multiple output jacks
- Soft-touch keypad controls allow user to select modes and output levels, set timer, and start/stop operation
- Power-off memory retains settings after shutdown
- Lightweight, stackable design allows use of multiple units while saving space on the benchtop
- Locking kickstand permits positioning the unit at an angle for better viewing
- Standard safety features include no-load and failure notification, arc and ground leak detection, overvoltage protection, and jacks that are set away from controls
- Nonskid rubber feet provide stability

Compact Model FB300Q

- Runs up to three gels at once at either constant current or constant voltage
- Uses less surface area than a sheet of paper
- Utilizes UP/DOWN arrow controls
- Ideal for SDS-PAGE, DGGE/CDGE, and DNA/RNA submarine electrophoresis

High-Current Model FB200Q

- Perfect for high-current electroblotting (Western tank and semi-dry, Southern and Northern) and SDS-PAGE applications
- Uses a numeric keypad

Programmable Models FB1000Q and FB3000Q

- Enhanced features include a third, constant power mode and remote temperature probe
- Both models have a numeric keypad
- Nine-program memory with "list program" function for quick recall makes these units ideal for multi-user labs or multiple repetitive operations
- FB1000Q is designed for isoelectric focusing, SDS-PAGE, and native SDS-PAGE

- FB3000Q is ideal for DNA sequencing and high-voltage electrophoresis applications

Compliance: CSA approved
Warranty: 12 months
Service agreement available.

Type	Maximum Voltage	Maximum Current	Maximum Power	No. of Jacks	Modes	Timer	L x W x H	Cat. No.
Compact	300V	400mA	75w	3	Voltage or current	0–999 min.	101/4 x 51/2 x 51/4 in. (26 x 14 x 13.3cm)	FB300Q
High Current	200V	2.0A	200w	4	Voltage or current	99 hr. 59 min.	12 x 103/4 x 51/4 in. (31 x 27 x 13.3cm)	FB200Q
Programmable	1000V	500mA	250w	4	Voltage, current or power	99 hr. 59 min.	12 x 103/4 x 51/4 in. (31 x 27 x 13.3cm)	FB1000Q
Programmable	3000V	400mA	400w	4	Voltage, current or power	99 hr. 59 min.	12 x 103/4 x 51/4 in. (31 x 27 x 13.3cm)	FB3000Q
Compact	300V	400mA	75w	3	Voltage or current	0–999 min.	101/4 x 51/2 x 51/4 in.(26 x 14 x 13.3cm)	FB300-1Q
Programmable	1000V	500mA	250w	4	Voltage, current or power	99 hr. 59 min.	12 x 103/4 x 51/4 in.(31 x 27 x 13.3cm)	FB1000-1Q
Programmable	3000V	400mA	400w	4	Voltage, current or power	99 hr. 59 min.	12 x 103/4 x 51/4 in.(31 x 27 x 13.3cm)	FB3000-1Q

Artisan Technology Group is an independent supplier of quality pre-owned equipment

Gold-standard solutions

Extend the life of your critical industrial, commercial, and military systems with our superior service and support.

We buy equipment

Planning to upgrade your current equipment? Have surplus equipment taking up shelf space? We'll give it a new home.
