DisplayPac-Access

10.4", 12.1" Flat Panel Computers with Quick-Release Latches

The DisplayPac-Access features a 10.4" or 12.1" SVGA active matrix TFT LCD, a Celeron or Pentium III computing engine with PC/104 expansion, a resistive touchscreen and optional keypad. The sturdy enclosure design features quick-release latches which let the user easily detach the computer and display portion from the touchscreen and front bezel. This simple access permits quick on-site maintenance, system upgrades, software changes and field replaceability of backlights.
