Magnapak Series Motors with Controller and Operator Controls

- Rated for 1/4 to 1 HP
- One piece construction - motor, controller and operator controls all assembled as one easy to install unit
- On/Off switch, speed potentiometer, and line fuse mounted on operator's control panel
- 150% maximum torque
- ± 1% speed regulation
- 90:1 full torque speed range
- Permanent magnet motors
- 120 or 240 VAC models with broad input voltage range
- C-Face motor mount
- Continuous duty rating
- Totally enclosed, non-ventilated (TENV) and (TEFC) Totally enclosed, fan-cooled versions
- Adjustments for maximum speed, IR compensation, and torque limit
- Easy installation with no wiring between controller and motor
- Factory selected matched components for best performance
- Inexpensive installation, just bolt motor in place and wire to AC line
