Universal Connector Interface Adapters

Tempo
A Textron Company
Knowledge. Solutions. Success.

APPLICATIONS:

Tempo's precision Universal Connector Interface (UCI) adapters ensure maximum accuracy and repeatability when performing critical measurements on fiber optic systems. Machined from the highest quality materials available, UCI adapters are standard equipment on all Tempo laser sources and return loss meters, and those of other manufacturers.

A comprehensive range of UCI adapters is available for all industry standard fiber optic connectors.

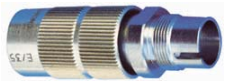

AD-234
obsolete, replaced
by AD-108

AD-108

AE2-10

AHP-10

AML-38

AMS-00

AMT-10

FEATURES

- Single-mode and multimode compatible
- High quality and tight tolerances ensure measurement accuracy and repeatability
- Available for all industry standard connectors
- Easy to clean and use
- Compatible with physical contact (PC) and 8° angled physical contact (APC) interfaces
- Durable phosphor bronze alignment sleeve

APC-10
obsolete, replaced
by APC-108

APC-108

ATS-16
obsolete, replaced
by ATS-108
