LabScan® XE

Spectrophotometer Accessories

D02-1009-200

Sample Clamp
Holds samples securely at the sample port for measuring with the instrument in the port forward orientation.
Includes interchangeable white and black backing plate.

D02-1009-350

Port-Down Stand
Permits port-down mounting of the sensor.
Includes an adjustable arm assembly with clamp.

A02-1010-316

Port Insert For Glass Sample Cup
The use of the sample cup enables the measurement of powders, granules, pellets, pastes and liquids. The port insert is designed to hold the sample cup in proper position at the measuring port.

04-7209-00 Glass Sample Cup, 64mm (2.5 inch)

LSXE-SC-ASSY

Sample Cup Set for Translucent Liquids
This set permits the measurement of transparent or translucent liquids and semi-solids. The ring and ceramic disk are used to fix the path length for transflectance measurement.
Includes a Port Insert for Glass Sample Cup, a Glass Sample Cup, Ring and Disk Set, and Sample Cup Opaque Cover.

A02-1010-316 Port Insert for Glass Sample Cup
04-7209-00 Glass Sample Cup, 64mm (2.5 inch)
02-4579-00 Ring and Disk Set
04-4000-00 Sample Cup Opaque Cover

Artisan Technology Group - Quality Instrumentation ... Guaranteed | (888) 88-SOURCE | www.artisantg.com

LSXE-COMP **Compression Cell Set**

Used to compress fibers into a compact mass to permit repeatable color analysis. Includes a pneumatically driven compression assembly, port insert cup holder and a 64-mm (2.5 inch) glass samplecup.

02-7396-00 **Skein Holder**

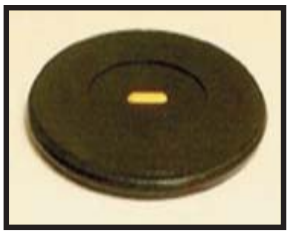

Used for measuring yarns and string skeins.

Port Inserts with glass

Protect the instrument from sample and airborne particles.

A02-1010-320	Port Insert, 44mm (1.75 inch) with glass
A02-1010-319	Port Insert, 25mm (1.00 inch) with glass
A02-1010-318	Port Insert, 13mm (0.50 inch) with glass
A02-1010-317	Port Insert, 6mm (0.25 inch) with glass

04-7135-00 **Port Insert for Capsules**

This port insert has an oblong opening and is designed for measuring elongated samples such as capsules.

D02-1010-327 **Footswitch Assembly**

The footswitch is used to initiate sample measurement without the use of hands.

System Options

VSI	Variable Sample Illumination
RETRO	Retroviewer (with Magnification)
