BX Series

Key Features

- Unique touch-down terminals
- Standard and PLC MIL connector models available
- All units are molded from UL94-D0 material with excellent flame- and shock-resistance
- Mount on DIN rail or flat surface
- Current capacity: 1A
- Available with 10, 16, 20, 34, 40, and 50 pins
- UL Recognized and CSA approvals
- Hinged covers with built-in marking strips

Overview Literature Product List

The BX series of terminal blocks provides a wiring junction for MIL-style ribbon cables. Available in several industry standard and PLC MIL connector models, with screw terminals or our unique touch-down terminals, the BX series also features a highly visible hinged marking strip to clearly label connections and terminations. Like all other IDEC terminal blocks, they are UL and CSA approved, with excellent flame and shock resistance, and are DIN-rail mountable.
