MICROPRINT 45H

Parallel --> HP-IB (IEEE-488) Interface Converter

Use Your HP-IB Printer Or Plotter With A PC Compatible Computer?

AT LAST - an inexpensive way to use your HP-IB peripherals with a PC. The MicroPrint 45H is designed to save you time as well as money. It connects directly to the PC parallel interface connector, requires no software changes, and can be easily shared among multiple computers or peripherals by adding a manual or automatic switch. Error reporting, HP-IB addressing, Talk Only, Serial Polling, and Service Requests are all supported. Internal DIP switches allow you to customize your MicroPrint 45H for specific applications. And, a data transfer rate of 40Kbaud means your I/O is 4 times as fast as most serial interfaces!

Small and Easy To Install - An Unbeatable Combination
MicroPrint 45H is only 5.75" long, 3.6" wide, and 1.1" high. It comes complete with a wall-mount power supply and 10 foot parallel cable. Connect an HP-IB cable to one end, a parallel cable to the other, plug it in, and you're ready to begin printing or plotting.

The Smart Way To Work From Intelligent Interfaces Inc.
We offer a complete line of time and money saving products to help you get the most from your computer. All carry our 30-day money back guarantee and one year warranty. Need more information? Call us at 1-828-625-0800.
