- Switch Extender by Ethernet Cable up to 400Ft
- Connect HDMI Transmitter port and Receiver ports to the Ethernet Switch

J-Tech Digital is focused on providing high-quality products that integrate and distribute audio-video content for both residential and commercial markets. Over the last ten years, J-Tech Digital has been a key component in making affordable and high caliber audio-video devices available to consumers across multiple industries including the medical, commercial and residential fields. Join the J-Tech Digital family and see why over 10 million satisfied customers trust J-Tech Digital to provide industry-leading technology and excellent customer service.

Overview:

J-Tech Digital proudly introduces this latest generation HDMI Extender Over Single CAT5e/6 Cable 1080p with IR – Up to 400′. This professional signal transmission system is able to transmit an HDMI signal over a long distance without a loss in quality using TCP/IP and with/without network devices.

Features:

- One twisted pair up to 400′ (Cat6) can be extended indefinitely with the use of network devices (switches/routers)

- TCP/IP signal transmission: signal transmission between transmitter/receiver is done using TCP/IP to allow interoperability with network devices for virtually unlimited signal distance as well as one to many scalability. JTD-EX-120M also features IR passthrough (38KHz-56KHz).
- Input HDMI resolution: 480i@60Hz, 480p@60Hz, 576i@50Hz, 576p@50Hz, 720p@50/60Hz, 1080i@50/60Hz, 1080p@50/60Hz
- Output HDMI resolution: 480p@60Hz, 576p@50Hz, 720p@50/60Hz, 1080p@50/60Hz
- Support video color format: 24bit deep color, 30bit deep color, 36bit
- Support audio format: PCM
- Max transmission rate: 10.2 Gbps
- Audio signal transmission format: L/R stereo audio
- TMDS signal: 0.5-1.5Vp-p (TMDS)
- DDC signal: 5Vp-p(TTL)
- Input cable length: ≤ 5m (AWG26 HDMI1.3 standard cable)
- Output cable length: ≤ 5m (AWG26 HDMI1.3 standard cable)

Artisan Technology Group is an independent supplier of quality pre-owned equipment
