ALLBASE

ALLBASE is a new data-base management system for the HP 3000 Series 900 business computer systems. It combines HPIMAGE, a network-model interface, with HPSQL, an industry-standard SQL relational interface. Its dual-access capability allows users to share data bases, giving them access to current information while eliminating the need for redundant data. With ALLBASE, users can now choose the data base access method most appropriate for their application needs. See page 68.

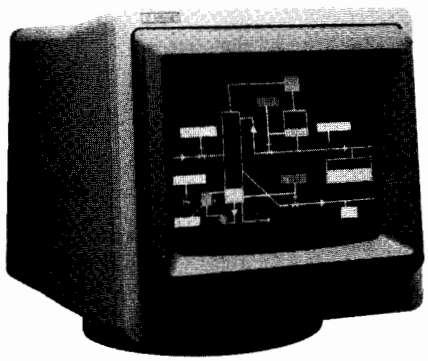

HP 2397A Color Graphics Terminal

Designed for both business and technical applications, the HP 2397A Color Graphics Terminal provides full-color graphics and color alphanumerics and supports a wide variety of input and output options. It is a high quality yet affordable solution for the color graphics terminal needs of HP 3000, HP 1000 and HP 9000 Computer users. Besides its extensive graphics features, the HP 2397A provides full-color alphanumeric capabilities, including math, italic, bold and line-drawing characters, up to twelve pages of memory, and enhanced vertical scrolling to support 160-column text. See page 97.

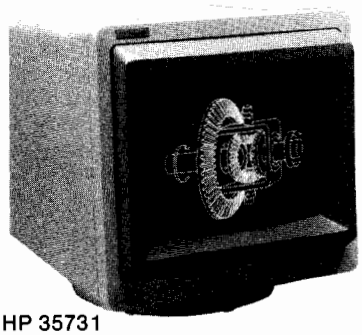

HP 35743A Enhanced Graphics Display

Designed for use with the HP Vectra Personal Computer, the HP 35743A Enhanced Graphics Display monitor offers a 13-inch color display. It features TTL video input, a palette of 64 colors (16 displayable at one time), dual scan input, and two resolution modes (640 × 350 and 640 × 200). Tilt and swivel base is optional. See page 99.

HP 35741 Color Monitor

Used with many HP computer systems, terminals and personal computers, the HP 35741 Color Monitor provides a 600 × 400 dot display with analog video inputs for a continuous spectrum of colors. Features include a 12-inch non-glare screen, integrated tilt and swivel, front-panel controls and an HP-HIL interface that supports the HP Touch accessory. See page 99.

HP 35731

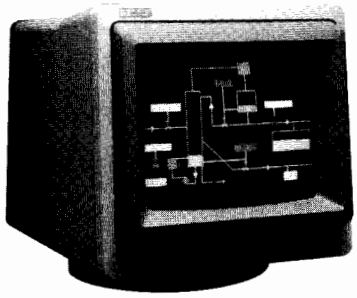

35731 HP Monochrome Monitor

The 35731 HP Monochrome Monitor is a 12-inch, high resolution monochrome video display unit used as an integral component of HP terminals, PCs and workstations.

The monitor features an easy-to-read green phosphor display, as well as compatibility with HP systems that use 512x390 or 640x400 resolutions. It supports the HP Touch Accessory via the HP-HIL interface.

Ergonomic features on the monitor include an anti-glare screen and built-in tilt and swivel for adjusting the screen viewing angle. The monitor also has front panel brightness and contrast controls to make display adjustments more convenient for you.

Ordering Information	Price
35731A HP Monochrome Monitor	$325
35731B HP Monochrome (International)	$340

HP 35741

35741 HP Color Monitor

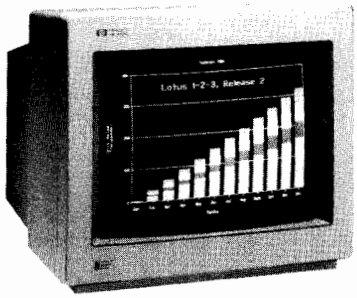

The 35741 HP Color Monitor provides a 12-inch RGB analog color video display with a 640 x 400 resolution. Like the 35731 Monochrome Monitor, this monitor is used with many HP computer systems, terminals, PC's and workstations.

The color monitor features RGB P22 color phosphor, with analog video inputs capable of providing a continuous spectrum of colors. The HP-HIL interface supports the HP Touch accessory.

With convenient front panel controls, a non-glare screen and integrated tilt and swivel, the color monitor offers state-of-the art ergonomics.

Ordering information	Price
35741A HP Color Monitor	$995
35741B HP Color Monitor (International)	995

Computer Museum

HP 35743

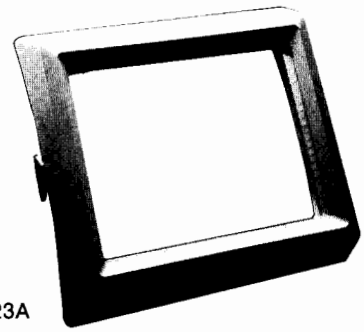

35743 HP Enhanced Graphics Display

The 35743 HP Enhanced Graphics Display is a high resolution color CRT display with a 13-inch screen. The Enhanced Graphics Display offers dual resolution modes (640 x 350 and 640 x 200). Designed specifically for use on the HP Vectra Personal Computer, the Enhanced Graphics Display supports a wide range of software products, since it is compatible with the industry standard Enhanced Graphics Adapter.

The Enhanced Graphics Display features TTL video input with up to 16 colors displayable out of a palette of up to 64 colors. The 35743 also has a dual scan input to allow automatic selection between 15.75 and 21.75 scan frequencies.

The 35743 Display offers an optional tilt and swivel mechanism (PN 82959S) for enhancing ease of use.

Ordering Information	Price
35743A HP Enhanced Graphics Display	$845
35741B HP Enhanced Graphics Display (International)	910

HP 35723A

35723A HP Touch Accessory

The 35723A HP Touch Accessory is a 12-inch, user-installable touchscreen bezel. When you add HP touch to your HP computer or terminal that supports the HP-HIL (Human Interface Loop), you transform your ordinary screen into an interactive touchscreen. HP Touch gives you an easy and natural way of communicating with your computer.

HP Touch has a maximum resolution of 43 vertical by 57 horizontal, giving you 2451 touch points. You can define touch areas of varying shapes and sizes, giving you programming flexibility for a wide range of applications.
