KLAS VOYAGER VM

INTRODUCTION

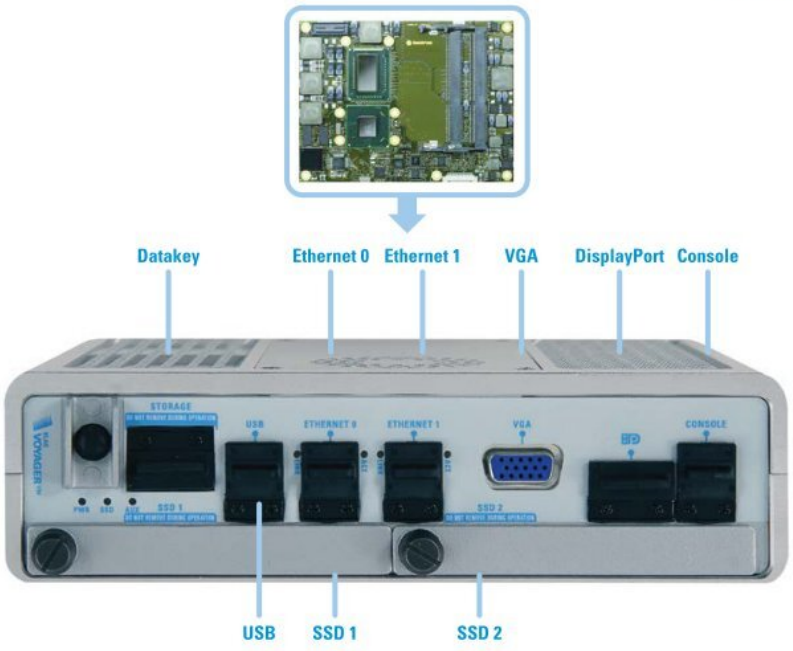

Virualization technologies have changed the deployment models of many common Server-based applications in the datacenter. The availability of WAN Acceleration technologies such as Citrix WANscaler, and Riverbed Steelhead as Virtual Machines has provided similar hardware flexibility for tactical applications.

Klas have developed the Voyager VM platform as a modular system based on a common carrier board with only the required physical interfaces for tactical operations such as Ethernet, console and removable storage. This solution provides the optimum performance within SWaP constraints for an austere environment.

KLAS Telecom, Inc., 1101 30th Street NW, Suite 500, Washington, DC 20007 www.klasonline.com sales@klasonline.com 866-263-5467

KLAS VOYAGER VM

FRONT VIEW

Key Features:

- COM Express CPU module supporting range of Intel processors from Intel Core i3 to Core i7
- Custom COM Express Carrier board
- Sealed rugged enclosure with conduction and air-cooled options
- Dual removable solid state hard disks
- Supports VMWare ESX/ESXi, Citrix XenServer and Windows Server Hyper-V hypervisors

Specification

Physical Specifications

- 7.4" W x 6.3" L x 2" H (188 x 160 x 52mm)
- 2.8 lbs / 1.27 kg

Electrical Specifications

- 10-28 V DC Input
- Power consumption varies with CPU from 25-45W

Construction

- Aluminum chassis with integrated cooling for fan-less operation
- Core i7 versions have an external fan for increased cooling and increased temperature range

Operating Temperature range

- -25 to 60C

Storage Temperature range

- -30 to 85C

Carrier Board Ports

- Two 10/100/1000 BaseT Ethernet ports
- RJ-45 or DB-9 Console port with Hypervisor access
- 2 SATA interfaces
- 1 USB-based Datakey storage device
- Display Port interface for use with DVI or HDMI

COM Express module support

- Kontron ETXexpress-SC COM Express Basic Type 6

CPU Options

- Intel® Core™ i7-2715QE (4x 2.1 GHz)
- Intel® Core™ i7-2655LE (2x 2.2 GHz)
- Intel® Core™ i7-2610UE (2x 1.5 GHz)
- Intel® Core™ i5-2515E (2x 2.5 GHz)
- Intel® Core™ i3-2310E (2x 2.1 GHz)

RAM

- Up to 16GB DDR3

Display

- 1 x VGA
- 1 X DisplayPort

Removable Storage

- 2 x 2.5" SATA SSD
- Rugged drive data key
- Available in capacities up to 1Tb

Management

- Hypervisor CLI over console
- Display interfaces

Artisan Technology Group is an independent supplier of quality pre-owned equipment

Gold-standard solutions

Extend the life of your critical industrial, commercial, and military systems with our superior service and support.

We buy equipment

Planning to upgrade your current equipment? Have surplus equipment taking up shelf space? We'll give it a new home.
