RG58 ThinNet Plenum Coaxial Cable, BNC Male / Male, 7.5 ft

These plenum grade RG58/U Ethernet cable assemblies are designed for high temperature applications that require flame retardant properties. The 50 Ohm BNC connectors utilize a heat shrink strain relief for a robust assembly. The coaxial cable features double shielding

Product Resources

to meet the shielding parameters found in section 10.5 of IEEE 802.3 specification. We stock these assemblies in a wide range of standard lengths from 1 to 100 ft.

Features

- Gold plated center contacts minimize signal loss
- 50 Ohm Ethernet signal transmission
- Available from stock in 12 lengths ranging from 1 to100 feet
- Double shielding of RG58/U ThinNet cable enhances shielding performance
- Plenum jacketed cable ideal where fire resistance and low smoke characteristics are critical
