Premium Grade IEEE-488 GPIB Cables - 4 Shields, Aluminum Nickel Plated Shells

This is the best IEEE-488 cable available on the market today at any price. Featuring two braid shields plus two foil shields for maximum protection against EMI (electromagnetic interference). A unique backshell design with overlapping seams coupled with a crimp ferrule strain relief results in both protection against leakage and provides enhanced mechanical strength. This combination of features ensures a highly reliable cable that will pass the most stringent emissions testing while providing years of trouble free service. Custom modifications are available with modest minimum requirements. Contact L-com customer service today!

Artisan Technology Group is an independent supplier of quality pre-owned equipment

Gold-standard solutions

Extend the life of your critical industrial, commercial, and military systems with our superior service and support.

We buy equipment

Planning to upgrade your current equipment? Have surplus equipment taking up shelf space? We'll give it a new home.
