Premium Molded D-Sub Cable, DB37 Male / Male, 5.0 ft

L-com's top of the line offering of D-sub cable assemblies provide maximum protection against data corrupting EMI/RFI. Double shielded cable (copper braid plus aluminum mylar foil) and a custom steel internal enclosure separate these cables from any off the shelf D-sub cable on the market. Ideal for any electrically noisy environment where fans, motors or switches are nearby. Custom lengths and pinouts are available with modest minimum requirements.

Features

- Custom stamped steel internal enclosure provides 100% shielding and a robust strain relief
- DB37 male to male connectors, lengths range from 1 ft. to 50 ft.
- Foil plus braid shield provides maximum protection against EMI/RFI
- Gold plated contacts provide reliable connections with repeated mating cycles
- Molded backshells provide durability and increased strength at cable entry point

Application

- Control and sensor applications

Artisan Technology Group is an independent supplier of quality pre-owned equipment

Gold-standard solutions

Extend the life of your critical industrial, commercial, and military systems with our superior service and support.

We buy equipment

Planning to upgrade your current equipment? Have surplus equipment taking up shelf space? We'll give it a new home.
