TURBOVAC i/iX

Two families of best-in-class turbomolecular pumps for R&D, life sciences, industrial, and coating applications

TURBOVAC 450 i ISO-K

List Price: $11,451

Special Promotion:

$5,726

TURBOVAC 90-450 i and TURBOVAC 90-450 iX, with integrated drive electronics, offer the most efficient and best pumping performance (up to 60% higher) in the ISO 63, 100 and 160 flange sizes. Both provide the following advantages:

Price & Performance: best performance for you investment

Flexible & Fast: product flexibility makes them a perfect match for your application

Plug & Play: easiest installation, operation and control thanks to various flange and housing configurations, integrated electronics, communications, and a wide range of accessories

Fit & Forget: oil-free hybrid bearing design with lifetime-lubricated ball bearings – a Leybold first – make them the most reliable on the market today

TURBOVAC i/IX are priced 50% off the list price until September 29, 2017. That's right: get the highest functionality and most outstanding performance in a world-class turbomolecular pump at half-off. See pricing on back.

TURBOVAC iX: a Powerful Difference

An integrated vacuum system controller

Turbovac iX takes plug & play to the next level with an integrated pump system controller that once was only available in costly external pump control units.

TURBOVAC 90 iX CF

List Price: $8,267

Special Offer: $4,134

Choose from These Specially Priced TURBOVAC i/iX Packages at Savings of 50%
