Custom Chassis Optical Switch System

LT3000

The LT3000 Series of custom switches offer the ultimate flexibility in system configuration. Optical switches can be combined with a wide selection of other components to match the design requirement of the most demanding applications. Repeatability and reliability are assured by LIGHTech's fully developed design and manufacturing system. The LT3000 Series is available with a front panel keypad and a RS232 or GPIB control interface.

- Flexible custom configurations
- Local keypad and GPIB or RS-232 remote control
- Bench top or rack mounting
- 2U, 4U, 8U, up to 14U chassis

Applications

- Manufacturing test systems
- Optical component testing
- Transmitter/receiver measurements
- Fiber test systems in telecommunications and data communications
- R&D laboratories
