Magic Leap One

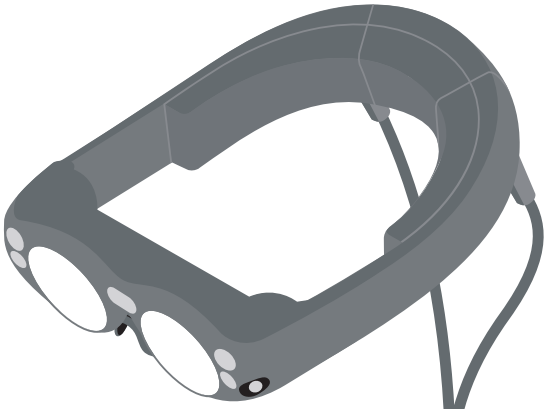

CREATOR EDITION

Quick Start Guide

Welcome to Magic Leap One
We're adding another dimension to computing.
Where digital respects the physical, and they work together
to make life better. Magic Leap One is built for creators who
want to change how we experience the world.

Inside the box

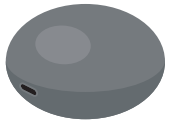

Lightwear with:
- Set of Back Pads
- Forehead Pad 1
- Nose Pad 1
- Standard Insert

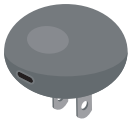

Lightpack

Control

Lightpack Charger

Control Charger

Fit Kit

Forehead Pad 2

Nose Pad 2

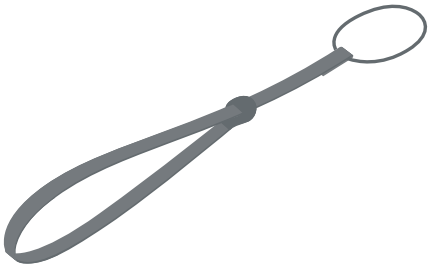

Nose Pad 3

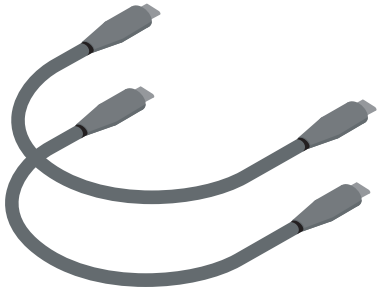

Nose Pad 4

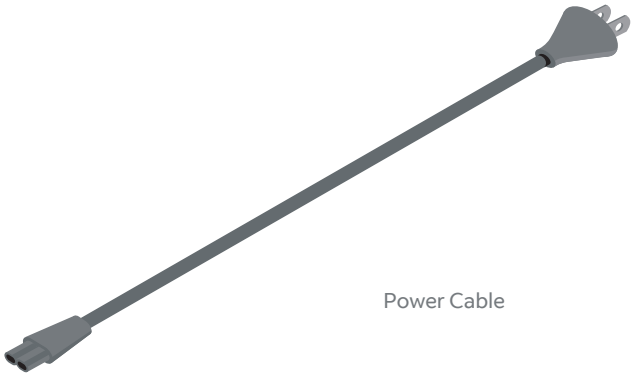

Nose Pad 5

Wrist Lanyard

2 x USB-C Cables

Power Cable

Quick Start Guide

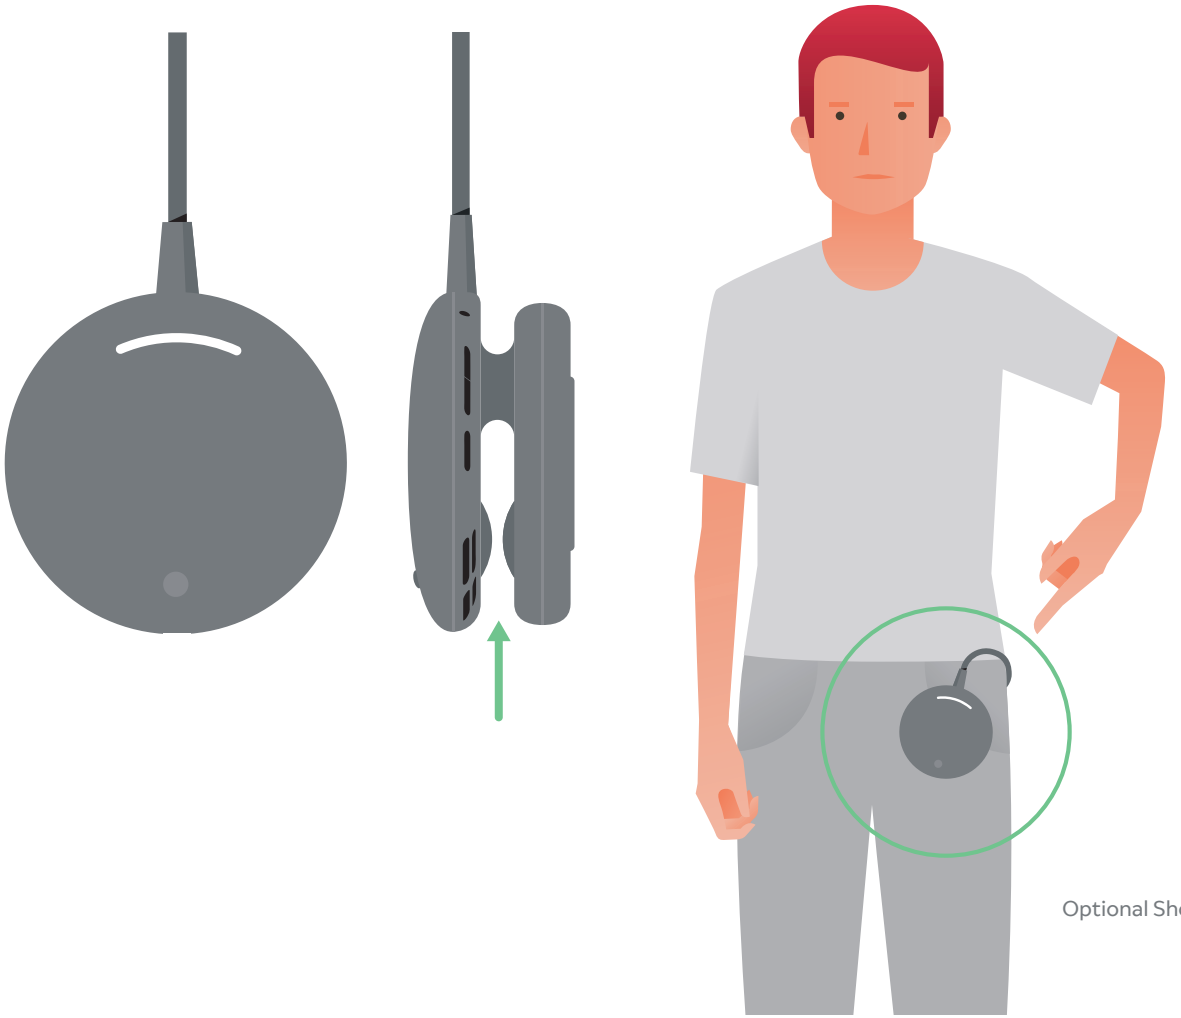

Cleaning Cloth

STEP
01

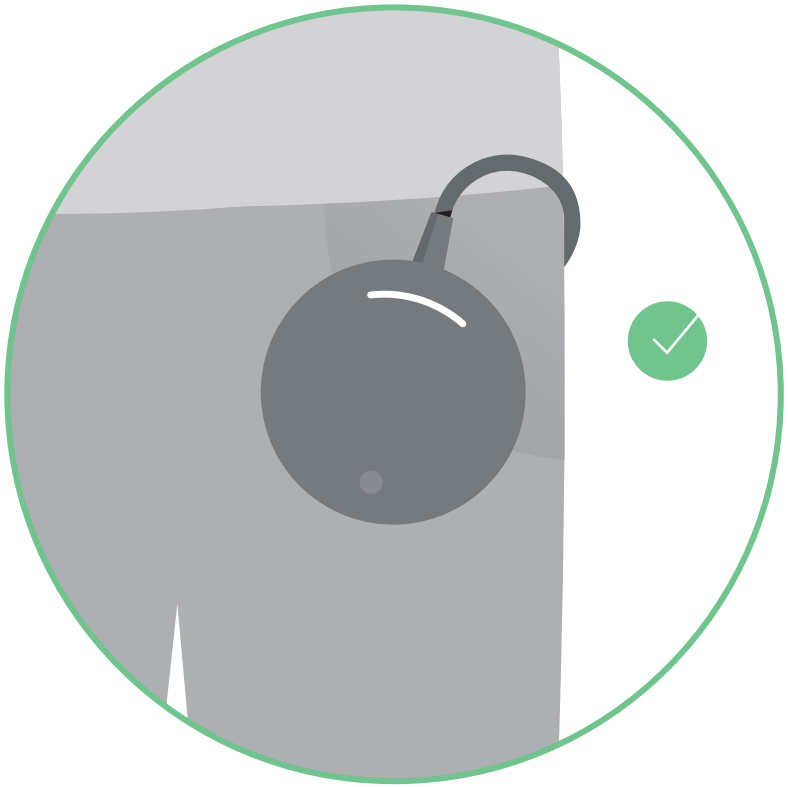

Attaching the Lightpack

Slide Lightpack into a pocket until it moves past the clip.

Optional Shoulder Strap available.

Don’t put the Lightpack in a pouch or pocket while in use.
This can block the vents and reduce performance.

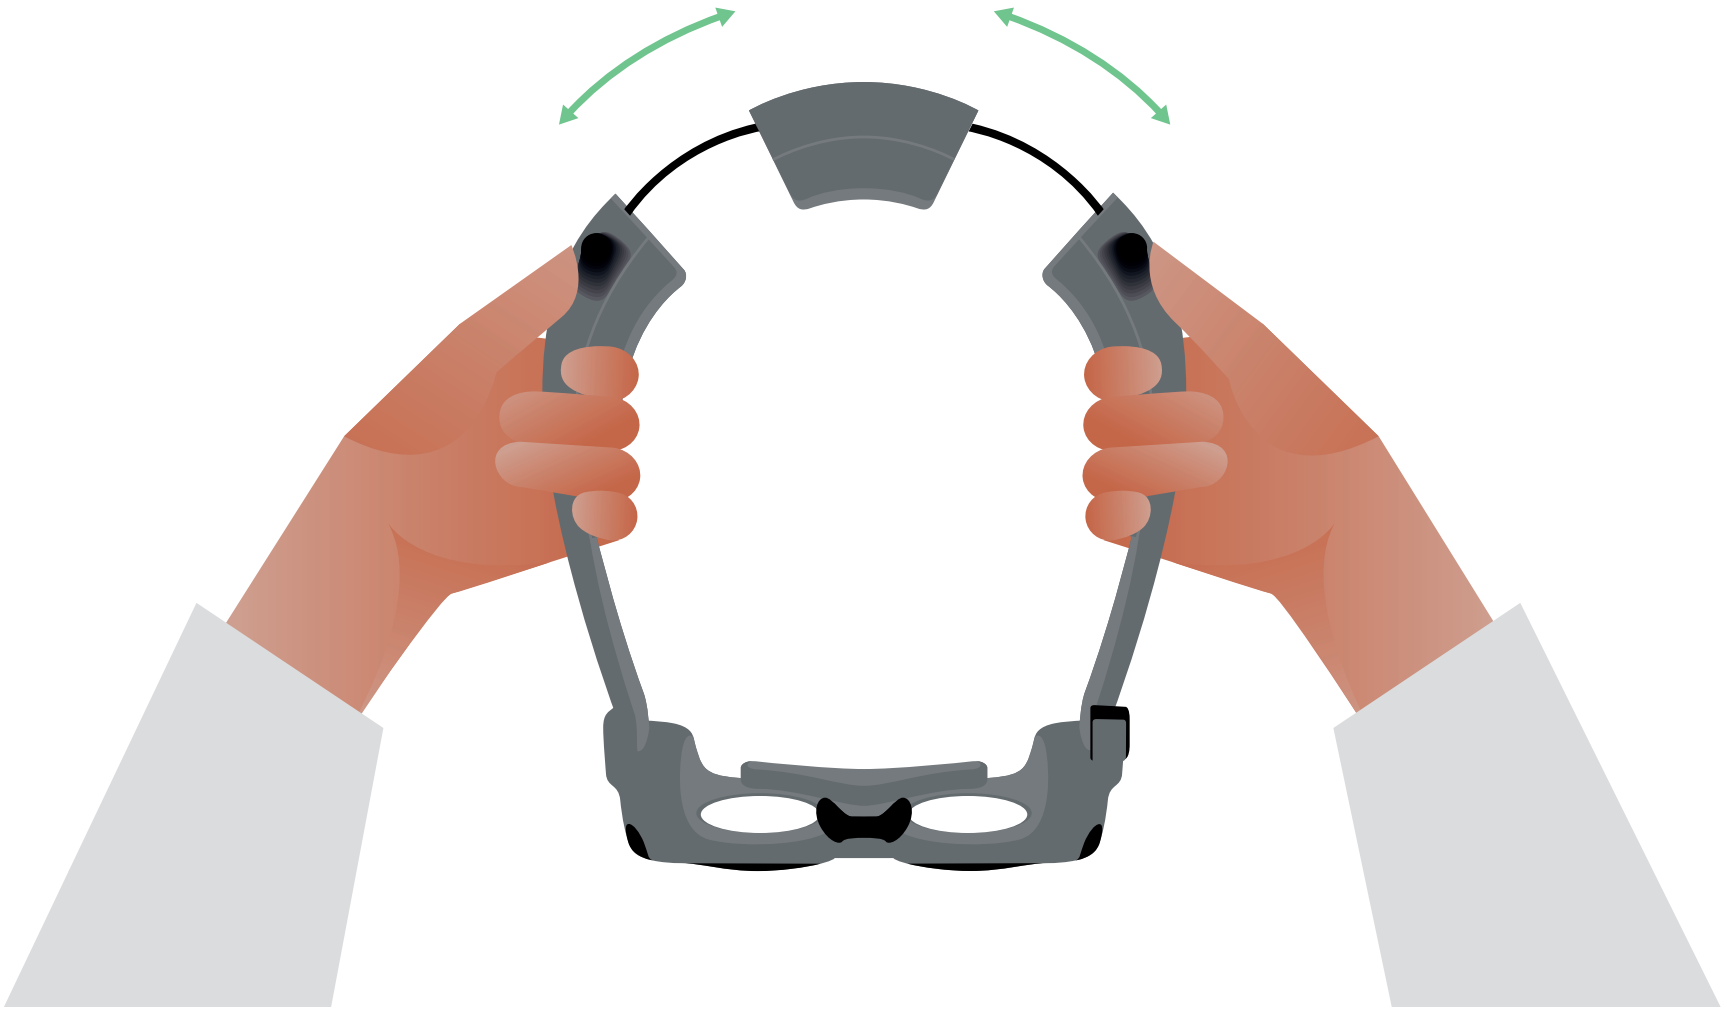

STEP

02

Adjusting the Lightwear

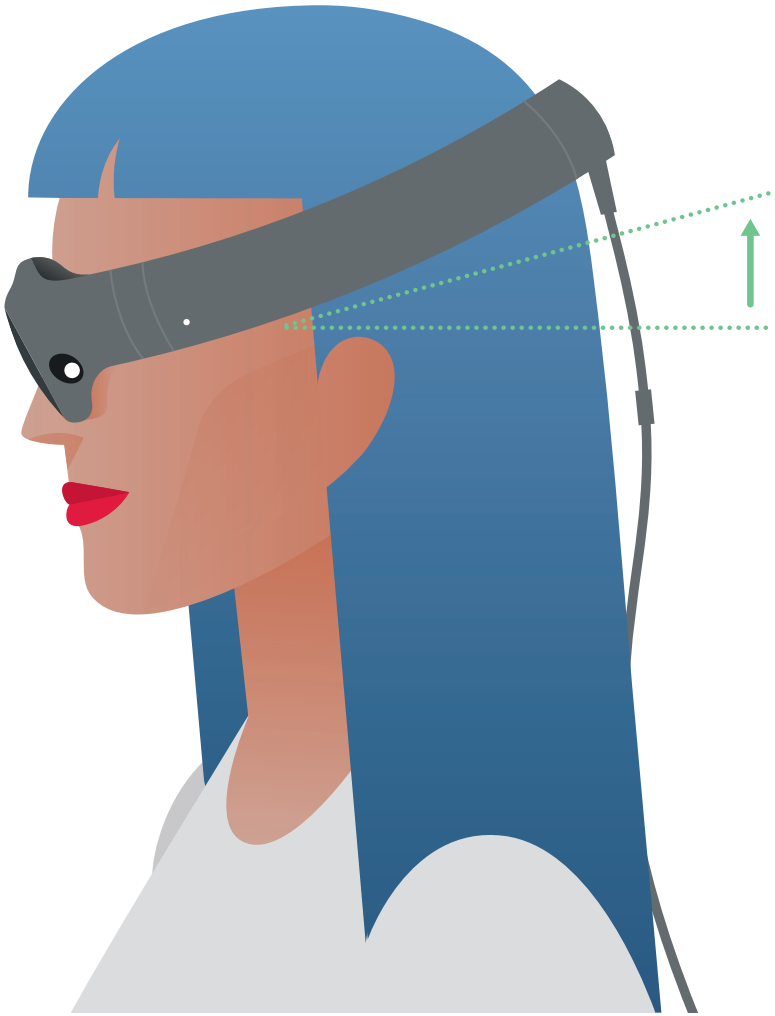

Hold the device near the back and stretch
until wide enough for your head.

STEP 03

Fitting the Lightwear

For optimal comfort and visual experience, rest the device around the widest part of your head. Always leave a gap between your ears and the Lightwear.

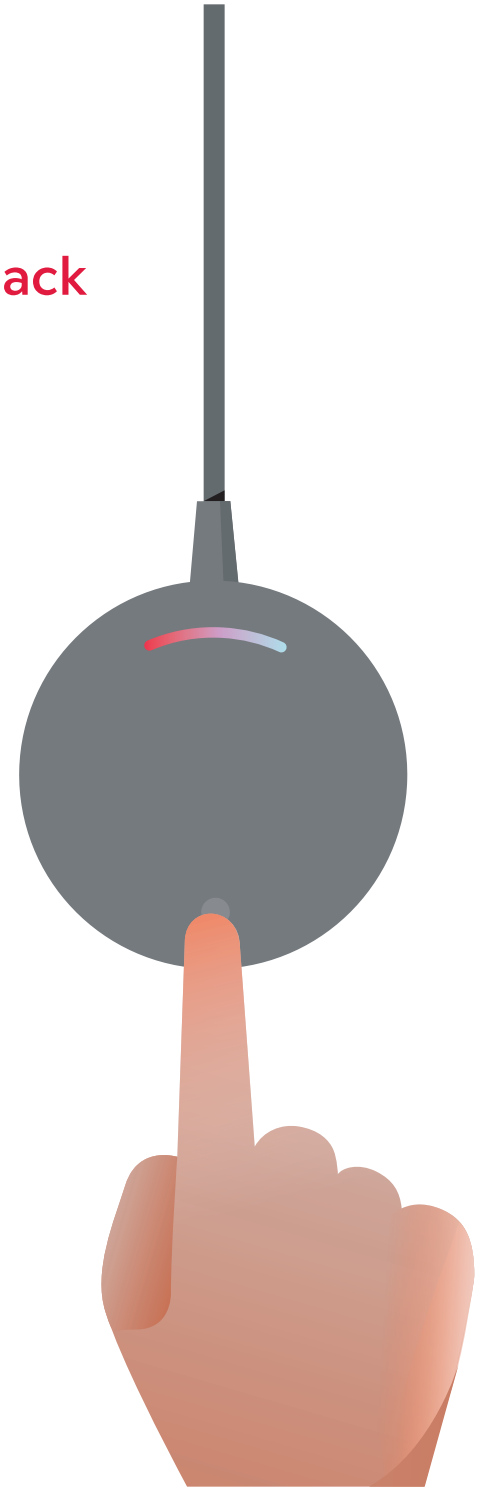

STEP 04

Turning on the Lightpack

Press the power button.

Three, two, one...

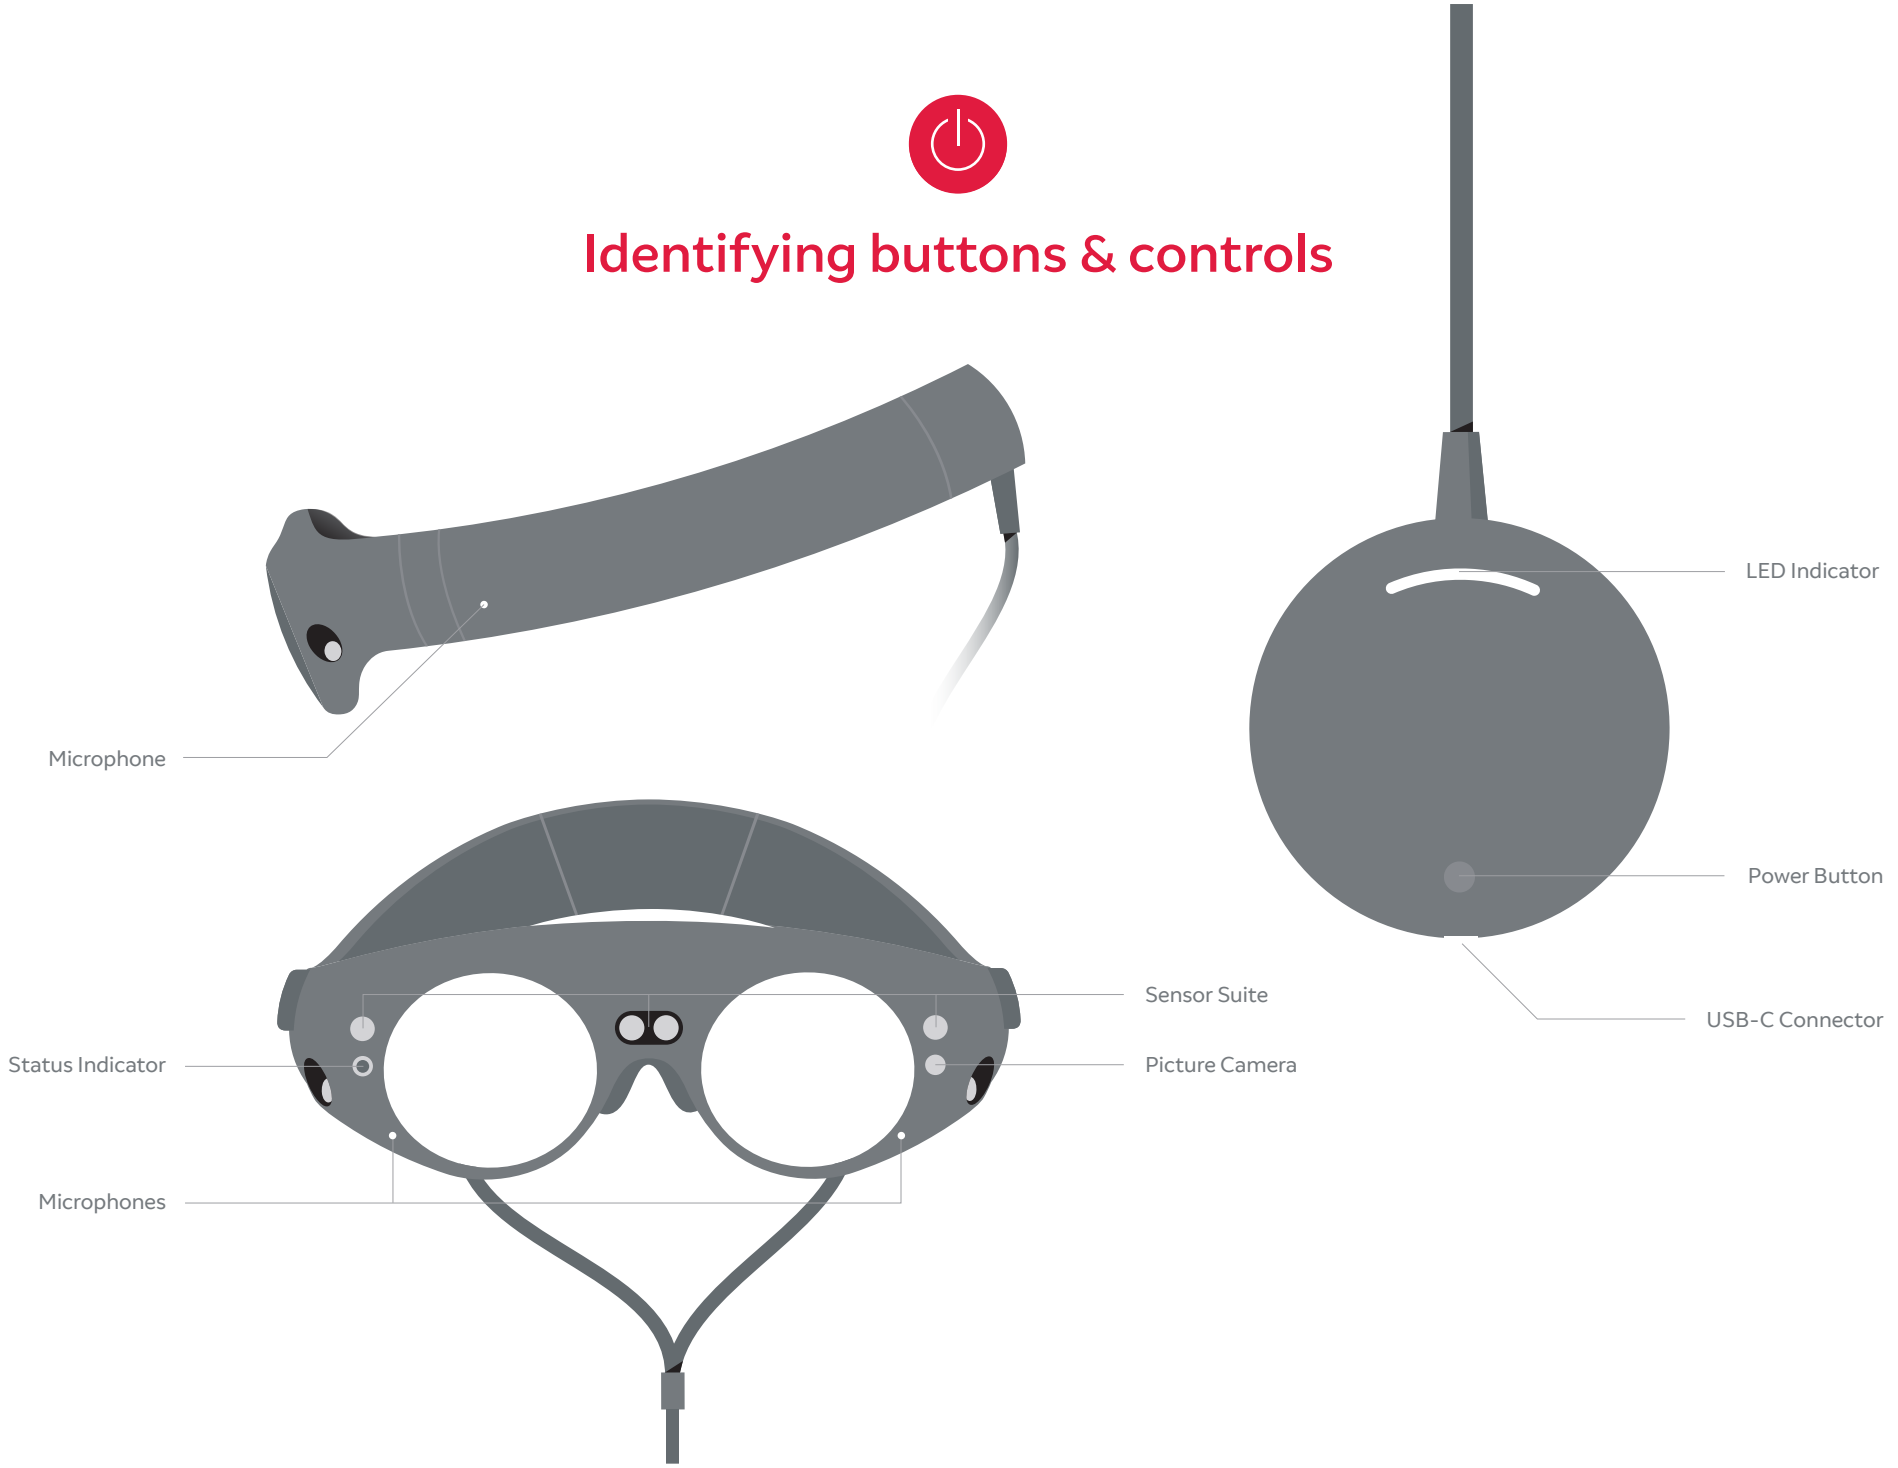

STEP 05

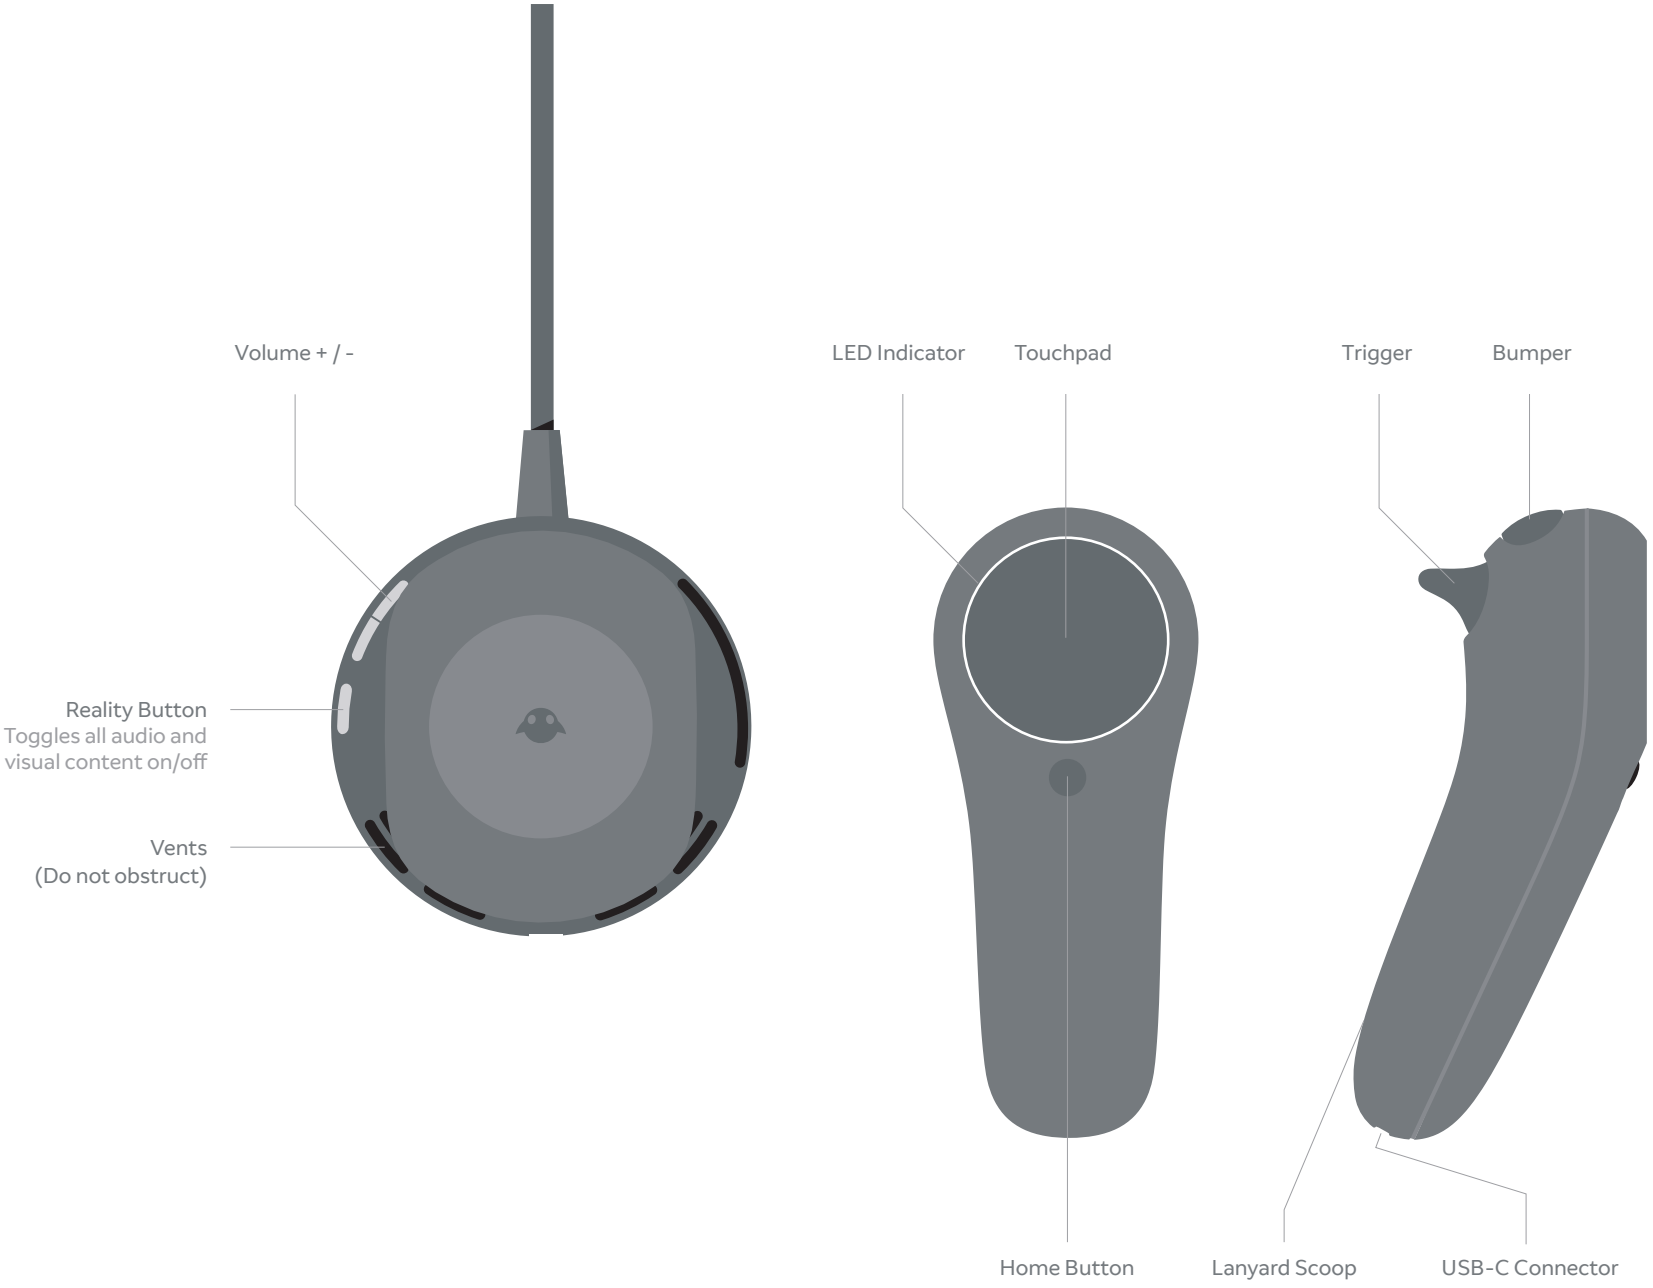

Finishing setup

We'll guide you through the rest of the setup on-device.

Identifying buttons & controls

Volume + / -
Reality Button
Toggles all audio and visual content on/off
Vents
(Do not obstruct)
LED Indicator
Touchpad
Home Button
Trigger
Bumper
Lanyard Scoop
USB-C Connector

Charging your Magic Leap One

Connect the USB-C Cable from the Lightpack to the Lightpack Charger, and the Power Cable from the Charger to the outlet.

Charging your Control

Use the second USB-C Cable to connect the Control and the Control Charger. Plug the Charger straight into the outlet.

Instruction manual
Carefully read the Quick Start Guide before you use this product.

Keep up to date
We may update this Quick Start Guide from time to time.

We have a few more suggestions to help you have a great experience
We've designed Magic Leap One for indoor use in normal lighting conditions. Bright sunlight or dark rooms may impact performance.

We also suggest using it in rooms with fewer mirrors, windows, or black surfaces to allow apps and experiences to more accurately interact with your space.
