DBK10

3-Slot Expansion-Card Enclosure*

Features

- **Accommodates any three analog or digital DBK cards**
- **Ideal for applications that require six or fewer DBK cards**

The DBK10 is an all-metal expansion-card enclosure that accommodates up to three expansion cards for IOtech's data acquisition systems. This enclosure allows three expansion cards to easily slide into it without requiring removal of the signal connections. Two DBK10s are ideal for applications that require six or fewer expansion cards.

For applications that require more than six analog expansion cards, use the DBK41.

Note: For CE-compliant systems, see DBK41.

The DBK10 provides three slots for IOtech's DBK expansion cards
