Everything in black and white

Documents conforming to GLP.
Simple compliance with both ISO/GLP rules in pharmaceutical and chemical procedures and the regulations for legal applications.

Transcription errors eliminated.
Handwritten entries in lab notebooks are time consuming and sources of transcription errors. Records on the METTLER TOLEDO normal paper printers exclude such errors. As these records can be archived, they can be reconstructed at any time to provide proof of the origin of all weighing data.

```
----- BALANCE TEST -----
23.05.97          08:21:00

METTLER TOLEDO
Type:                PR5002
SNR:              1113000631
Bal:          Pharma. LAB

Target :        800.00
Actual :        799.98
Diff   :         -0.02

Internal test done

Signature:
.....M.Brun.....
---------- END ----------
```

In addition to printing out the weighing results, the LC-P43 and GA42 also document the regular adjustment and testing of the balance.

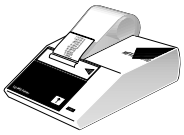

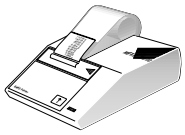

LC-P45. The intelligent small-scale system with sample identification, statistics, sample code, balance identification and much more.
