- **Digital display enhances safety and efficiency.**
- **Compact and functional design makes the unit portable.**
- **Soft touch switches permit easy operation and long service life.**

New Advanced Design Control Unit

Advanced Control Function

Upgraded Digital Display.
EVOLUTION Speed Control with Flash Load Indicator.

Diversity for work efficiency

2 Motors A and B can be connected to cover multiple work requirements.

*Simultaneous motor operation is not allowable

Memory Speed Function FiXpeed®

An exclusive new feature of the Emax EVOlution is the FiXpeed® system allowing independent foot switch operation for the A and B Motors. A Motor foot switch can be on/off and B Motor foot switch can be variable speed. This function brings unprecedented versatility and workability.

Advanced User Friendly Design

New Industrial Design.
EVOLUTION new user friendly case meets design and performance requirements.

Auto Cruise Function

The control unit is equipped with an Auto Cruise Function. While using foot control for work, anyone could fix the motor at any speed by the embedded motor switch.
Once speed is set, foot pedal control is not required. This function eliminates foot fatigue during operation.

Emax EVOlution Control Unit
