NI PCI-6014

Low-Cost 200 kS/s, 16-Bit, 16 Analog Input Multifunction DAQ

- National Instruments recommends the NI PCIe-6321 X Series board for all new applications.
- 2 analog outputs; 8 digital I/O lines; two 24-bit counters; digital triggering
- LabVIEW, LabWindows™/CVI, and Measurement Studio for Visual Basic and Visual Studio .NET integration
- Basic functionality for simple applications or OEM products
- Free award-winning global services and support at ni.com/support
- NI-DAQmx measurement services software to simplify configuration and measurement

Overview

National Instruments recommends X Series DAQ and NI-DAQmx driver software for new applications. Quadruple your resolution, increase sampling speed, and improve accuracy with the 16-bit, 250 kS/s NI PCIe-6321.

Because they provide reliable measurements at a low price, NI B Series multifunction DAQ boards are ideal for a wide variety of OEM products or simple applications in laboratory automation, research, design verification/test, and manufacturing test. The NI PCI-6014 sustains analog output and digital and counter/timer I/O operations together with analog input operations. Using NI hardware, you have flexible OS, application development environment, and application software choices.

The mark LabWindows is used under a license from Microsoft Corporation. Windows is a registered trademark of Microsoft Corporation in the United States and other countries.

Services

Extended Warranties

National Instruments designs and manufactures all products to minimize failures, however unexpected failures can still occur. Extended warranties provide a fixed economical price at the time of system purchase, covering any repair costs for up to three years. In addition, they offer the following benefits:

- Significant cost savings compared to individual repair incidents
- Fault location, diagnostics, and repair by NI any time the system product fails
- All parts and labor costs covered as well as any adjustments needed to restore the hardware to manufacturing specifications

For more information about your warranty options:
