ARTISAN®
TECHNOLOGY GROUP

Your **definitive** source for quality pre-owned equipment.

Artisan Technology Group
(217) 352-9330 | sales@artisantg.com | artisantg.com

Full-service, independent repair center
with experienced engineers and technicians on staff.

We buy your excess, underutilized, and idle equipment
along with credit for buybacks and trade-ins.

Custom engineering
so your equipment works exactly as you specify.

- Critical and expedited services
- In stock / Ready-to-ship
- Leasing / Rentals / Demos
- ITAR-certified secure asset solutions

Expert team | Trust guarantee | 100% satisfaction

Find the *Newport A-2-1.5* at our website: ***Click HERE***

Mirror size adapters offered by Newport cover a broad range of sizes and configurations. They are easily adaptable between various optic diameter standards.

- Various size adapters for mounting a broad range of optics
- Mirror size adapters for kinematic and gimbal mounts
- Mirror size adapters for platform mounts

Features

Low Wave Front Distortion Adapters

The 605A series adapters have an axial three-point mounting mechanism to gently, but securely, hold optics with tight flatness tolerances. With the axial 3-point mounting, because there are twice as many mounting points, the forces that would cause distortion are essentially cut in half, more distributed, and axially opposite to eliminate bending.

Ultima Mirror Mount Adapters

UPA1-.5 , UPA1-.75 , UPA2-1 : These adaptors allow the use of smaller diameter optics in a U100-A or U200-A .

Optic Mount Adapters

Artisan Technology Group - Quality Instrumentation ... Guaranteed | (888) 88-SOURCE | www.artisantg.com

The A-2-1, A-2-1.5, A-4-3 and A-1.25-1 are basic size adapters that work with your existing optical mounts and extend their compatibility to different size optics.

Accessories

Compatible 1/2-in. Mounts
