ARTISAN®
TECHNOLOGY GROUP

Your **definitive** source for quality pre-owned equipment.

Artisan Technology Group
(217) 352-9330 | sales@artisantg.com | artisantg.com

Full-service, independent repair center
with experienced engineers and technicians on staff.

We buy your excess, underutilized, and idle equipment
along with credit for buybacks and trade-ins.

Custom engineering
so your equipment works exactly as you specify.

- Critical and expedited services
- In stock / Ready-to-ship
- Leasing / Rentals / Demos
- ITAR-certified secure asset solutions

Expert team | Trust guarantee | 100% satisfaction

Differential Micrometer Head, 5.1 mm Coarse, 0.1 mm Fine, 6.6 lb. Load

Overview

The DM11-5 Differential Micrometer delivers ultra-fine, sub-micron positioning capabilities and coarse travel up to 5 mm in a single instrument. In most cases, DM Series Differential Micrometers can directly replace BM Series Micrometers and BHC Locking Drives to provide approximately ten times better positioning sensitivity. DM Series Micrometers are the standard choice of actuator on UMR and MVN Series Stages and on SL Series Mirror/Beamsplitter Mounts. In essence, the DM Differential Micrometer is a standard micrometer with a 0.05 mm high-resolution micrometer built around it. Coarse positioning, provided by the control knob at the end of the micrometer, enables rapid translation with a sensitivity of 1 µm. Then, by using the fine adjustment knob closest to the positioner, the position can be further optimized with a sensitivity of 0.1 µm over a limited travel range. The fine adjustment knob is graduated to permit direct reading of position in 2 µm increments. 6.6 lb. Load Capacity.

Technical Specs

Type	Differential Micrometer	**Fine Travel**	0.10 mm
Travel Range	5.0 mm	**Graduations, Fine**	2 µm
Drive Type	Knob	**Sensitivity**	0.1 µm
Graduations	20 µm		
Axial Load Capacity	30 N		

Artisan Technology Group is an independent supplier of quality pre-owned equipment

Gold-standard solutions

Extend the life of your critical industrial, commercial, and military systems with our superior service and support.

We buy equipment

Planning to upgrade your current equipment? Have surplus equipment taking up shelf space? We'll give it a new home.
