NSK Product Offerings

Ball Screw Products

- High accuracy and rigidity ensure optimal performance.
- Compact design for space saving applications.
- Available in various diameter, length, lead, accuracy, preload and recirculation options.
- Armoloy™ chrome plating option available.

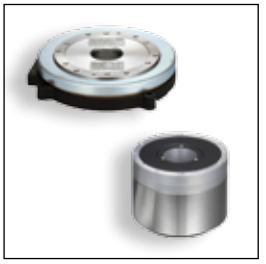

Linear Guide Products

- Interchangeable rail and linear slide sold separately or as assembled components.
- Shock resistant design.
- Universal slider.
- Ability to butt rails.
- Armoloy™ chrome plating option available.

Robot Modules™ Products

- Integrated linear axis system that uses NSK linear guides, ball screws, and Monocarrier™ actuators.
- Ergonomic design, sealed in an aluminum housing.
- High accuracy and repeatability.
- Pre-assembled axis reduces time and labor cost.
- Motor-ready design for customer flexibility.

Megatorque™ Motor Products

- Direct drive technology.
- Maintenance-free operation.
- Easy Installation.
- Compact design with through hole for easy wire management.
- Accurate, micron-level repeatability with no backlash.
- Accessories available including a drive controller, mounting brackets, etc.

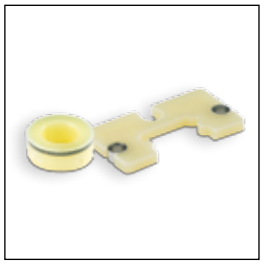

Monocarrier™ Linear Actuator Products

- Easy-to-install ball screw, linear guide and support units integrated into one structure.
- Lightweight, compact design.
- Long operating life and maintenance-free operation.
- Rust-resistant, chrome plated standard material.

Support Units for Ball Screws

- Reduces maintenance cost, no re-lubrication is required.
- Offers high dust protection.
- Extends ball screw product life.
- Provides maximum performance for applications from light to heavy loads.
- Standard stock options available.

K1™ Lubrication Units

- Long-term, maintenance-free lubrication unit that is available for ball screws, linear guides, Robot Modules™ and Monocarrier™ product.
- No maintenance required for 5 years or up to 10,000 km operational distance.
- All precision linear products can be equipped with K1™ lubrication units.
- Optional accessory.

SPACEA Bearings

- Designed to withstand extreme environment conditions.
- Special environments include vacuum, clean, corrosive, high-temperature, heavily contaminated, and non-magnetic requirements.

Artisan Technology Group is an independent supplier of quality pre-owned equipment

Gold-standard solutions

Extend the life of your critical industrial, commercial, and military systems with our superior service and support.

We buy equipment

Planning to upgrade your current equipment? Have surplus equipment taking up shelf space? We'll give it a new home.
