CTC Interact PowerStations

Parker Automation

Introducing . . .

CTC's New PA PowerStation Family

The Power Of Interact HMI In Our Most Affordable Package Ever!

This all-new family of PowerStations CTC designed and manufactured include 5", 6", 8" and 10" color touchscreen displays. All units combine all the connectivity, functionality and expandability of Interact HMI software with standard hardware features such as CompactFlash storage, RS-232, RS-422/485 and 100BaseT Ethernet ports. PA PowerStations allow you to choose the right system for your application without sacrificing the features you need!

The PA PowerStation family is…

- ✓ CTC-designed and manufactured for reliability with consistent hardware features for all units
- ✓ Feature-rich with Interact Panel Tools, Graphics, Alarming and Networking software features
- ✓ Expandable with optional Interact software modules such as Historical Trending and advanced recipe management
- ✓ Flexible connectivity including 50 communication drivers - including Ethernet drivers
- ✓ Designed for easy "drop-in" replacement of popular AB panels

Includes…

- 5", 6", 8" and 10" Touchscreen Displays
- CompactFlash and 100-Base-T Ethernet
- Interact HMI Software with advanced module support
- Multiple control device connectivity
- Slim profile with consistent features
- Quick and easy clip mounting
- Type 4/4X rating
