

ARTISAN®
TECHNOLOGY GROUP

Your **definitive** source for quality pre-owned equipment.

Artisan Technology Group
(217) 352-9330 | sales@artisantg.com | artisantg.com

Full-service, independent repair center
with experienced engineers and technicians on staff.

We buy your excess, underutilized, and idle equipment
along with credit for buybacks and trade-ins.

Custom engineering
so your equipment works exactly as you specify.

- Critical and expedited services
- In stock / Ready-to-ship
- Leasing / Rentals / Demos
- ITAR-certified secure asset solutions

Expert team | Trust guarantee | 100% satisfaction

Temperature Measurement

- Electronic Thermometers
- Data Acquisition Systems
- Type T Thermocouple Probes & Wire
- Animal Temperature Controller
- Micro Temperature Controller
- Custom Thermocouples
- Accessories

Temperature Controlled Stages for Microscopes and Microtomes

- Heating & Cooling Stages for Microscopes
- Freezing Stages for Microtomes

Quantitative Sensory Testing

- Vibration Sensitivity
- Thermal Sensitivity

TH-8 Thermalert Monitoring Thermometer

FOR THE ANESTHESIOLOGIST, rectal, skin, and esophageal probes monitor patient temperatures.

IN CARDIAC SURGERY, three probe inputs allow simultaneous monitoring of body care temperature, heart muscle temperature (with implantable myocardial probe) and solution temperature (with in-line probe).

IN THE EMERGENCY ROOM, TH-8 gives fast readings with oral and rectal probes and reads low temperatures for detection of hypothermia.

TH-8 can be installed anywhere temperature monitors are needed. It weighs under 3 lbs. and can be mounted overhead, on poles or on shelves.
TH-8 accepts all Physitemp thermocouple probes and can be used for routine as well as special applications. There are skin surface probes, flexible implantable probes, needle microprobes and many general purpose sensors

Specifications

Temperature Range	-10 to +60°C 14 to 140°F
Resolution	0.1°, C or F
Instrument Accuracy	0.1°C 0.2°F ± 1 digit, at 25°C ambient
Calibration	Conforms to National Bureau of Standards tables. Monograph 125
Readout	3 1/2 digit LCD, 0.7" high
Sensors	Type T thermocouple (copper-constantan)
Batteries	Four "C" cells
Battery Life	2000 hours continuous
Analog Output	Optional, extra cost. Approx. 10mV per degree C

Features

Safe and Easy
TH-8 is easy to operate -- just connect the sensors and swithch on -- and has safe, battery operation.

Optional Accessories

Type T Thermocouple Probes
