M-60 Manual Pad Printer

Ideal for testing, prototyping, promotional items and all occasional pad printing needs. The M-60 package includes the M-60 manual sealed inking pad printer, UX-60 plate exposure unit, and a full compliment of supplies, accessories and reference materials - all for one affordable price!

The M-60 is the ideal solution for quick low-cost printing of advertising specialties, prototypes, commemorative items, or any other product which requires direct marking. You'll enjoy the benefits of industrial-quality construction and superior sealed-inking technology - features typically found in equipment costing thousands of dollars more. The M-60 stands alone as the leader in manual pad printing equipment!

THE M-60 PAD PRINTING SYSTEM:

Finally a state-of-the-art, sealed inking, manually-powered pad printer!

- Superior Sealed-inking Technology
- Single-handed Operation
- Fast, Easy Changeovers, Cleanup
- Precision Construction, Made in the USA
- Excellent Accuracy and Repeatability

The M-60 is the ideal solution for quick low-cost printing of advertising specialties, prototypes, commemorative items, or any other marking. You'll enjoy the benefits of industrial-quality construction and superior sealed inking technology. Features typically found in equipment costing thousands of dollars more. The M-60 stands alone as the leader in manual pad printing equipment!

The M-60 is the only manually operated machine on the market today incorporating innovative features such as:

- Unilever drive system which allows for smooth and easy single handed print cycles.
- Posi-Lock vertical pad travel ensures perfect registration and excellent repeatability.
- Sealed ink cup technology allows for extended printing with virtually no solvent loss or ink maintenance. Only one part to clean up.
- XY pad adapter system for quick pad alignment.
- Pin registration plate hold down system.
- Vertically adjustable work station (6 inches) for maximum flexibility.
- Sturdy and precision machined frame and components.

But we didn't stop there! The M-60 printer is offered as a turn-key package, which includes:

- Complete plate-making system, with plate exposure unit, developing tray and brush, contact screens; plate dryer, photo polymer plates and laser films.
- Assorted silicone rubber printing pads
- Our "ColorMatic" ink system comprised of 14 colors; thinners; catalysts; color-matching formula book;
- Quick fixture-making kit.
- Owners Manual and an informative 90 minute video with many helpful hints.

The M-60 Turn Key Package is an exceptional value at a very affordable price.

The M-60 Printer:
