R-QUEST TECHNOLOGIES

7000 Series

Print & Burn Disc Publishing Systems

The TCP-7000 series products work as stand-alone devices ready for any user, or can be networked for access by an unlimited number of users!
These Disc Publishing systems come standard with 18x DVD writers, a 220 or 550 disc hopper, a large internal hard disc drive and TrueNet 2 networking software for all your publishing needs.

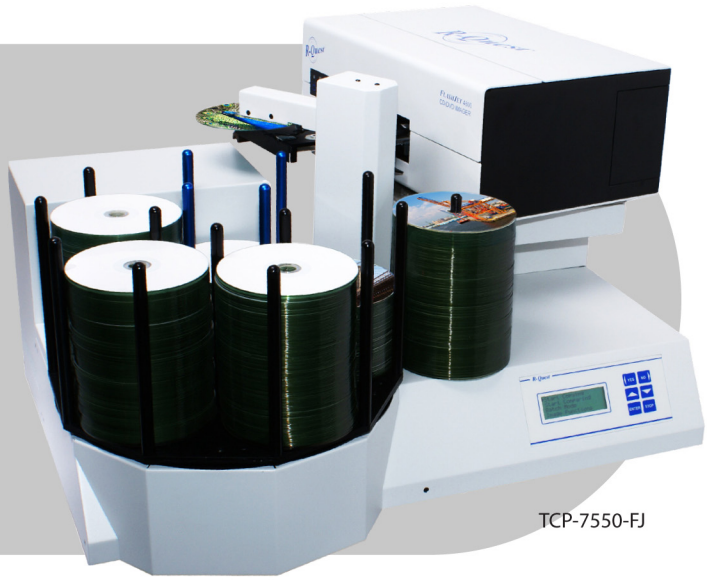

The industrial design of the TCP-7000 Series will give you reliable disc production without costly downtime. Robust robotics combined with R-Quest's proprietary copy technology drives your publishing system to produce only the finest quality data CD/DVD. The TCP-7000 series products are complete publishing systems, truly capable of unattended operation.

COMPACT disc DATA STORAGE

DVD

Blu-ray Disc™

TCP-7550-FJ

- 18x DVD / 48x CD
- Blu-ray Recorders Available
- Network Software Included - Unlimited Users!
- Simple Stand-alone Operation via LCD Touchpad
- Large 220 or 550 Disc Capacity
- Mac & Windows Compatibility
- Small Footprint - Fits on Most Desktops
- Auto Format Recognition
- Store Images on Internal Hard Disk
