1492-FB Fuse Holders

Bulletin 1492-FB Fuse Holders are ideal for many OEM applications. Our fuse holders give you a safe and convenient means for installation of class CC, J, and midget fuses. Use our class CC and J holders for branch circuit protection. They are excellent for wire protection, small motor loads, and group protection of small motor loads.

FEATURES

- Easy insertion and removal of fuses, no special tools required
- Mounts on standard 35 mm DIN rail
- Compact size requires less panel space
- Optional blown fuse indicators
- Silver plated fuse clips
- Ventilated housing
- Marker ready feature
- Finger-safe design

ADDITIONAL INFORMATION

Allen-Bradley relays and timers are part of Rockwell Automation's Essential Components line. Learn more about how these industrial building blocks can streamline your installation, improve uptime and decrease maintenance—ultimately helping lower your costs.
