The Ruggles - Klingemann Mfg. Co., Inc.

Fig 599 Angle Test Valve.

The Ruggles-Klingemann Fig. 599 is a shut-off valve suitable for pressure up to 1000 psi.
This valve comes in 1/4" and 3/8" pipe connections. It can be supplied with all stainless steel construction. And includes all the necessary hardware to be panel mounted.
The valve's double seat design allows for the replacement of it's packing while under pressure. By backing out the hand wheel to the valve's full open position the packing nut can be removed allowing for replacement of the packing.

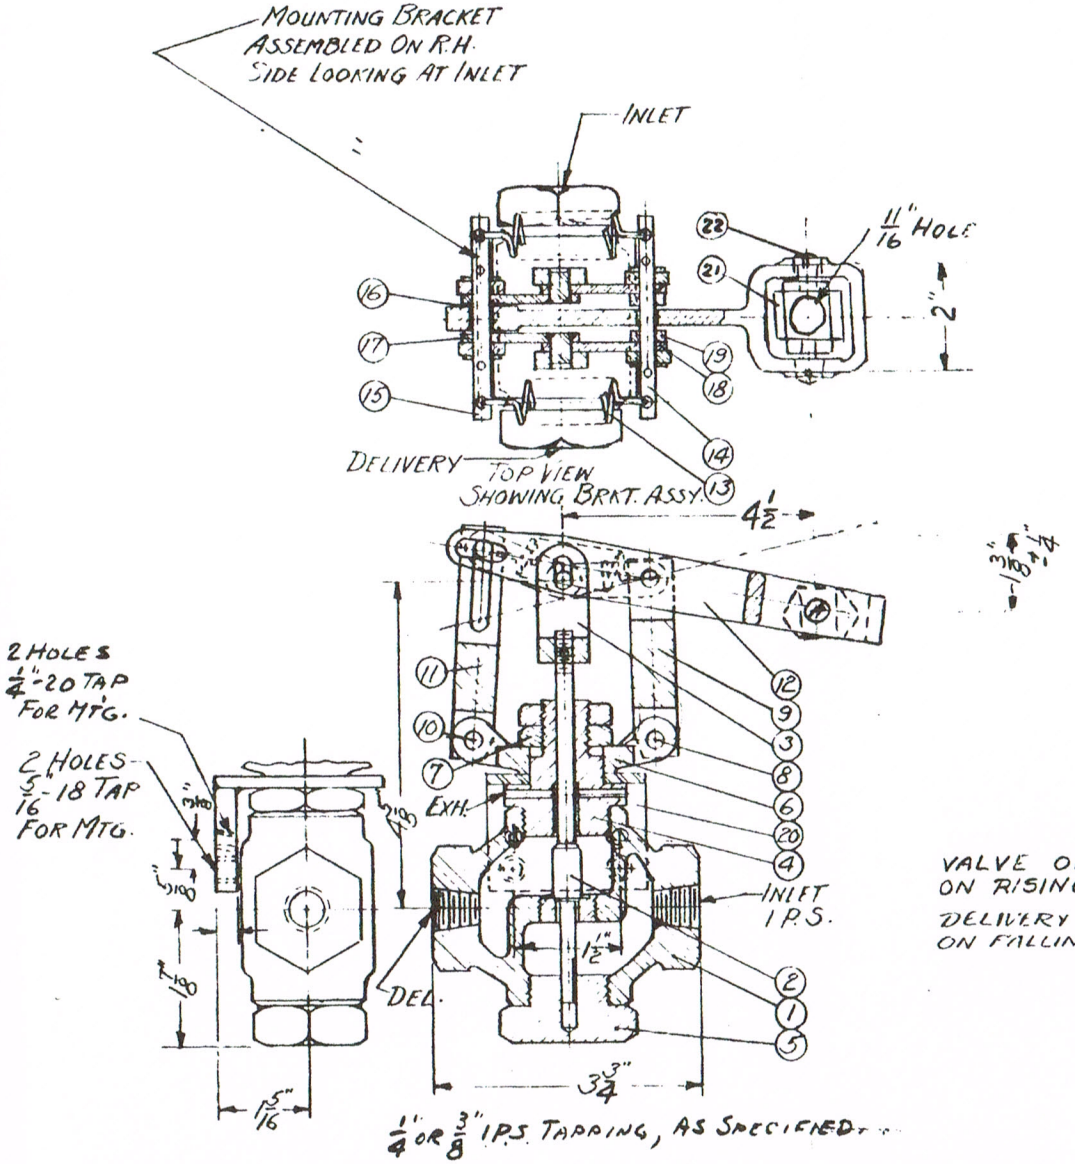

Typical application for this valve is a shut off for pressure gages.

This valve can be specified by R-K drawing No. 4B-4912-4 or General Electric No. 870B220 part 1 to 7.
